WARBIRDS DOWNUNDER 2018

~ Opportunities for Locals ~

TBEG is encouraging local business and the wider community to consider how they can be involved in the upcoming Warbirds Downunder 2018. Up to 25,000 people are expected to attend the October event and the flow-on effects to the community will be enormous via various means, including accommodation, food provision, retail, transport, entertainment and promotion. Representatives of Warbirds' organiser, Temora Aviation Museum (TAM), along with Temora Shire Council, joined TBEG at a recent Beers n

Business Connect Event to outline logistics and opportunities both at the venue, and within the town and Shire. Warbirds Downunder 2018 will be held on October 12th and 13th, the fourth such event TAM has hosted, and General Manager, Peter Harper said it will definitely be the biggest yet. "As Warbirds Downunder continues to grow, we will be turning to the community, and looking to expand on the organisations and individuals to become more involved in assisting the Museum in

delivering an amazing experience for the many thousands of visitors," he said. The days leading up to the event and the Sunday will also be busy, with shuttle buses to operate between town and the Aviation Museum from Thursday evening to Sunday morning. There will be many opportunities to get involved including volunteering, food provision on site and in town, TBEG's Street Fest on the Saturday afternoon, extended trading hours, business promotion, entertainment and more.

TBEG has called for Expressions of Interest to assist in the planning process. Upcoming meetings and workshops will focus on the various areas, latest updates can be found via at TBEG's Facebook page or www.tbeg.org.au

~ Accommodation Workshop ~

TBEG is holding a workshop this month prompted by the expected shortfall in existing accommodation with the huge influx of visitors to Warbirds Downunder 2018, in October. With 25,000 people expected to flock to the Shire for the event, TBEG is keen to keep as many visitors in town for as

long as possible, especially knowing that the average overnight visitor in regional NSW spends approximately \$160 per day. TBEG Chairman Michael Harper said "This is a great opportunity for locals to support our town and provide a great experience for visitors,

and even make a small amount of money on the side. "The workshop will outline and recommend existing online platforms for accommodation provisions; however it will be up to interested residents to follow through independently with any arrangements."

Please note: TBEG will not be involved in coordinating accommodation or liaising with providers. The workshop is on Tuesday, March 13th, from 5.30pm at the Bundawarra Centre.

SHEARING SHED SOUNDS

Moonbucca Station was established in the 1860s primarily as a sheep station. Its iconic shearing shed was designed by an architect and built in 1890 using materials found on the property by the men who worked there. Considered to be of great historic value, then pine timber and galvanised structure still stands today in excellent condition.

Now you have the chance to ex-

perience the ambience of such a beautiful environment with the soothing sounds of renowned singer/ songwriter Mike McClelland, who will stage a concert in the shed on Friday 9th March. Moonbucca Station owners request that attendees do not bring their own vehicles to the station so, as part of your ticket price of \$35, you will be transported from Paleface Park and returned after the concert.

For more details about the concert, or to purchase tickets go to www.temora.com.au/events or phone Amanda Gay On 0428 029 184

TEMORA YOUTH TEAMS BACK FOR 2018

With the school year back in full swing the Temora Youth Teams have also begun and have some exciting opportunities for the young people of Temora.

Each team meets regularly and come together to achieve goals and provide opportunities for people between the ages of 10 and 25 in specific areas of interest.

Teams are guided by a mentor, and we are lucky enough to have several wonderful mentors join the team this year to provide these amazing opportunities for our young people.

Jo Eland, mentor for the Cultural and Performing Arts (C&PA) and Media Teams, has an extensive background in the arts including as a performer, a teacher and student.

Daryl Kemp's love of music has led him to not only playing, but

also teaching guitar. He co-ordinates the music for his local church and has repaired sound equipment for 20 years. Daryl has joined the Youth Teams this year as the mentor for the Rock Team where members can come along to revel in their love of music with others that share the same interests.

The Wellbeing Team is a very new edition to the program but has proven to be popular from its launch in February.

Christine Winkley who has a myriad of qualifications in everything from teaching to natural therapies, and everything in between, brings a lot of experience to her role. The Wellbeing Team is an holistic approach to managing stress and the chal-

lenges in life.

Ross Devereux is not a new member to the team, but remains as enthusiastic as ever leading the Gaming Team.

And the Youth Officer for Temora Shire Council in 2018, Melissa Carter also doubles as the Leadership and Hospitality Team mentor, coming from a strong background working in the hospitality industry, and in 2006 begun her transition into youth work by studying for a diploma. Mel is excited to be able to combine her two passions to provide the youth of Temora these unique opportunities.

Youth teams meet regularly throughout the school term and are primarily run by the members to achieve goals and outcomes they have set for themselves.
