Dear Mr Crakanthorp

Thank you for your letter of 6 April 2020 about the implications of the postponement of the 2020 local government elections on the boards of county councils.

Due to the postponement of the ordinary elections for the constituent councils, the current members of the board of Riverina Water County Council continue to hold their offices in the County Council until their terms as councillors of the constituent council ends on the date of the postponed ordinary elections or the occurrence of a casual vacancy.

Please note that as the chairperson of the County Council holds office for one year, an election of the chairperson will have to be held at the County Council's October 2020 meeting.

I trust this information is helpful.

Yours sincerely

3.1 MATTHEWS STREET UPGRADE

File Number: REP20/880

3. JHG Correspondence

REPORT

Following a report to Council in May, the below resolution was carried in relation to the upgrade of Matthews Street.

RESOLUTION 126/2020

It was resolved that Council investigate the option of upgrading the western 580m Matthews Street starting from the Junee Road in the 2021/2022 financial year, with the remaining length of Matthews Street to be closed to the Old Cootamundra Road.

AND FURTHER

That 50km/h speed signage be erected mid-block until such time upgrade works are complete.

Adjoining landholders were notified in writing of the proposed works/closure, with submissions sought (correspondence attached). At the conclusion of the submission period a total of two responses were received. The first, being from a landholder in favour of the sealing with no preference in relation to the closure. The second piece of correspondence was from John Holland Group (JHG) requesting further information which has since been provided.

Following further investigations, the Engineering Department proposes that the most suitable option is to carry out the sealing of the western end of Matthews Street terminating at the final property boundary, however to delay the closure of the eastern end. It is proposed that this be considered again when the intersection treatment is determined at the 5-leg intersection on Old Cootamundra Road.

A detailed cost estimate is provided.

Dear «First_Name»,

RE: MATHEWS STREET PROPOSED UPGRADE/PARTIAL CLOSURE

Please be advised that a matter was discussed at the May meeting of Council in relation to a request for the upgrade of Mathews Street, including bitumen sealing.

Council resolved the following:

To investigate the option of upgrading (bitumen sealing) the western 580m of Mathews Street starting from Junee Road in the 2021/2022 financial year, with the remaining length of Mathews Street to be closed to the Old Cootamundra Road.

The section of road proposed for closure is marked in Attachment 1. This section of Mathews Street requires significant intersection and drainage work requiring land acquisition to remain as part of the upgrade. The large cost associated with this work outweighs the benefit of retaining the Old Cootamundra Road connection and without closure the project may be at risk of not proceeding.

The proposed upgrade will provide sealed rear access to all adjoining properties.

Should you have any concerns in relation to the proposal please provide written correspondence via email (temshire@temora.nsw.gov.au) or via post (PO Box 262 TEMORA NSW 2666) by Friday 26th June 2020.

Yours Sincerely,

R Fisher

Subject: MATTHEWS STREET PROPOSED UPGRADE/PARTIAL CLOSURE

Hi Rob,

In reply to your letter dated 25th May 2020, I feel I cannot make a decision on the closure of the lane as we will only be here for a couple of years and will be leaving again. I strongly believe the lane does need to be sealed due to the dust as I feel it is a health risk and there seems to be more and more traffic including semi trailers using it. I will be happy with decision of the people that live on the Old Cootamundra Road regarding the closure of lane as long as the road is sealed.

The speed signs have slowed some traffic down but not all. I might go and speak to the police as this is a major concern for me.

Thanks

RE: Mathews Street Proposed upgrade/Partial Closure

I acknowledge receipt of your letter dated 25 May 2020 notifying Council's proposal to upgrade the western 580 m of Mathews Street from Junee Road in the 2021/2022 financial year and to close the remaining length of Mathews Street to the Old Cootamundra Road (**Proposal**) and seeking our comments on the Proposal.

As of 15 January 2012, John Holland Rail (**JHR**) has been appointed to manage the Country Regional Network (**CRN**) and the lands containing the CRN by Rail Corporation New South Wales (**RailCorp**). As such, JHR is responsible for reviewing this DA to ensure potential impacts to rail operations (current and future) are considered and addressed.

As you can see our GIS Snapshot below, Mathews Street is immediately adjacent to the operational rail corridor from Stockinbingal to Temora (marked in **green**).

Please provide us with additional information regarding the following:

1. Have you obtained an Environmental Impact Statement? If so, please provide us with a copy.
2. The details of the upgrading work. I note that you have stated that the upgrade work includes bitumen sealing on the part of Mathews Street delineated in **blue**. Please provide us with works proposed to be done other than bitumen sealing;
3. Confirmation whether the proposed closure on the part of Mathews Street delineated in **red** will be temporary, if so, the duration of the closure;
4. Confirmation whether the upgrade work will include the area in red at a stage; and
5. Site Plans

Once I receive your response in respect of the above, I will proceed with JHR's review process.

Should you have any questions regarding the above, please contact me at your earliest convenience.

Kind regards,

3.2 STREETS AS SHARED SPACES UNSUCCESSFUL GRANT APPLICATION

REPORT

Councillors will recall that at the July Assets and Operations Committee meeting, a report was considered in relation to an application for grant funding under the Streets as Shared Spaces fund. Council has been notified that unfortunately they have been unsuccessful in their application. There were very few rural Councils that received funding under this program and the vast majority of funding has been directed to metropolitan Councils, with projects involving street closures and removal of parking spaces, where street congestion is a major issue.

Although disappointing, Council Officers consider that the application was a worthwhile process. Council Officers will continue to work towards completing the design and costing for the upgrade of the outer two blocks of the main street. They will also continue their communications with the business community and to seek funding opportunities, where available, for the delivery of enhancements to the main street.

COMMITTEE RESOLUTION 62/2020

Moved: Cr Dale Wiencke
Seconded: Cr Max Oliver

It was resolved that the Committee recommends that Council note the report.

3.3 DRAFT DEVELOPER CONTRIBUTIONS PLAN 2020**File Number:** REP20/945**Author:** Town Planner**Authoriser:** Director of Environmental Services**Attachments:** 1. Draft Developer Contributions Plan 2020**REPORT**

Councillors will recall that at the July Council Meeting, Councillors considered a report that proposed changes to Council's Developer Contributions Plan to increase the levy rate, in order to collect additional funding for stormwater drainage infrastructure.

A draft plan has now been prepared for Council's consideration.

The proposed changes to the existing plan are as follows:

1. Change the levy rate to the maximum rate, being

Proposed Cost of the Development	Maximum Percentage of the Levy
Up to \$100,000	Nil
\$100,001-\$200,000	0.5 Percent
\$200,001 +	1 Percent

2. Include stormwater infrastructure projects and contributions rates as included within the draft plan,
3. Update the list of community infrastructure projects and contributions rates as included within the draft plan,
4. Additional words within Clause 1.13:

Contributions will be allocated at the rate of 50% towards community facilities and 50% drainage infrastructure.

The plan is required to be placed on public exhibition before any changes to the current plan are able to be made by Council.

COMMITTEE RESOLUTION 63/2020

Moved: Cr Dale Wiencke

Seconded: Cr Rick Firman

It was resolved that the Committee recommend that Council:

1. Place the Draft Developer Contributions Plan 2020 on public exhibition and
2. Receive a future report on the outcome of the public exhibition.

DRAFT Developer Contributions Plan 2020

Fixed development consent levy under Section 7.12 of the Environmental Planning and Assessment Act 1979

Contents:

Part 1 – Administration & Operation of Plan	p. 2
Part 2 – Expected Development & Facilities Demand	p. 7
Schedule 1 – Works Schedule	p. 8
Schedule 2 – Detailed Works Description	p. 10

Dated Adopted by Temora Shire Council: XX

Plan commences: XX

In brief:

This plan replaces the previous Developer Contributions Plan 2019.

Temora Shire Council collects a levy on all development valued over \$100,000 occurring in Temora Shire. There is no requirement for nexus to be established between the development section 7.12 is levied against and object of the expenditure of that levy. Temora Shire Council expends money levied under section 7.12 on value add projects which have whole of community benefit such as parks, recreation facilities, Temora main street improvements, transport facility improvements and stormwater drainage improvement works. Projects are prioritised and funded as money becomes available, meaning that there are always projects being funded by section 7.12 in the Temora Shire Local Government Area.

Temora Shire Council does not have a Section 7.11 Contributions Plan.

Part 1

Administration & Operation

1.1. Name of Plan:

This Plan is called *Temora Shire Council Developer Contributions Plan 2020*.

1.2. Commencement

This Plan commences upon adoption of this Plan by Temora Shire Council.

- To govern the application of money paid to the Council under a condition by this Plan.

1.4. Section 7.12 Fixed development consent levies(cf previous s 94A)

(1) A consent authority may impose, as a condition of development consent, a requirement that the applicant pay a levy of the percentage, authorised by a contributions plan, of the proposed cost of carrying out the development.

(2) A consent authority cannot impose as a condition of the same development consent a condition under this section as well as a condition under section 7.11.

(2A) A consent authority cannot impose a condition under this section in relation to development on land within a special contributions area without the approval of:

The application of the money is subject to any relevant provisions of the contributions plan.

(4) A condition imposed under this section is not invalid by reason only that there is no connection between the development the subject of the development consent and the object of expenditure of any money required to be paid by the condition.

(5) The regulations may make provision for or with respect to levies under this section, including:

- (a) the means by which the proposed cost of carrying out development is to be estimated or determined, and
- (b) the maximum percentage of a levy.

1.5. Land to which this Plan Applies

This Plan applies to all land within the Temora Shire Council Local Government Area.

1.6. Development to which this Plan Applies

- Development, other than the subdivision of land, where a condition under s7.12 of the Act has been imposed under a previous development consent relating to the subdivision of the land on which the development is proposed to be carried out and the purpose for which that condition was imposed is a purpose towards which a levy under this Plan may be applied; or
- Development involving alterations and additions to, or the rebuilding of, a building used for residential purposes or a building that is used for a purpose that is ancillary or incidental to such a purpose, unless the development involves an enlargement, expansion or intensification of the use of the building or the land on which the building is, or is proposed to be, situated.

\$100,001-\$200,000	0.5 Percent
\$200,001 +	1 Percent

1.9. Determination of the Proposed Cost of Development

In accordance with Clause 25J of the Regulation:

(1) The proposed cost of carrying out development is to be determined by the consent authority, for the purpose of a section 7.12 levy, by adding up all the costs and expenses that have been or are to be incurred by the applicant in carrying out the development, including the following:

(a) if the development involves the erection of a building, or the carrying out of engineering or construction work—the costs of or incidental to erecting the building, or carrying out the work, including the costs (if any) of and incidental to demolition, excavation and site preparation, decontamination or remediation,

(b) if the development involves a change of use of land—the costs of or incidental to doing anything necessary to enable the use of the land to be changed,

(c) if the development involves the subdivision of land—the costs of or incidental to preparing, executing and registering the plan of subdivision and any related covenants, easements or other rights.

(2) For the purpose of determining the proposed cost of carrying out development, a consent authority may have regard to an estimate of the proposed cost of carrying out the development prepared by a person, or a person of a class, approved by the consent authority to provide such estimates.

(3) The following costs and expenses are not to be included in any estimate or determination of the proposed cost of carrying out development:

(a) the cost of the land on which the development is to be carried out,

(b) the costs of any repairs to any building or works on the land that are to be retained in connection with the development,

(c) the costs associated with marketing or financing the development (including interest on any loans),

(e) project management costs associated with the development,

(f) the cost of building insurance in respect of the development,

(g) the costs of fittings and furnishings, including any refitting or refurbishing, associated with the development (except where the development involves an enlargement, expansion or intensification of a current use of land),

(i) any taxes, levies or charges (other than GST) paid or payable in connection with the development by or under any law,

(j) the costs of enabling access by disabled persons in respect of the development,

(k) the costs of energy and water efficiency measures associated with the development,

(l) the cost of any development that is provided as affordable housing,

(m) the costs of any development that is the adaptive reuse of a heritage item.

(4) The proposed cost of carrying out development may be adjusted before payment, in accordance with a contributions plan, to reflect quarterly or annual variations to readily accessible index figures adopted by the plan (such as a Consumer Price Index) between the date the proposed cost was determined by the consent authority and the date the levy is required to be paid.

(5) To avoid doubt, nothing in this clause affects the determination of the fee payable for a development application

1.10. Indexation of Contribution

In accordance with Clause 25J of the Regulation:

(1) The proposed cost of carrying out development may be adjusted before payment, in accordance with a contributions plan, to reflect quarterly or annual variations to readily accessible index figures adopted by the plan (such as a Consumer Price Index) between the date the proposed cost was determined by the consent authority and the date the levy is required to be paid.

The formulae governing indexation of the proposed cost of carrying out development is:

$$IDC = ODC \times \frac{CP2}{CP1}$$

IDC= the indexed development cost

OCD= the original development cost determined by the Council

CP2= is the Consumer Price Index, All Groups Sydney, as published by the ABS in respect of the quarter ending immediately prior to the date of payment.

CP1= is the Consumer Price Index, All Groups Sydney, as published by the ABS in respect of the quarter ending immediately prior to the date of the consent.

1.11. Cost Estimate Report

A development application or an application for a complying development certificate is to be accompanied by a report, prepared at the applicant's cost in accordance with this clause, setting out an estimate of the proposed cost of carrying out the development for the purposes of clause 25J of the Regulation.

The following report is required:

- Where the estimate of the proposed cost of carrying out the development is greater than \$100,000, a cost estimate report may be required by Council.

1.12. Who may provide a Report in Accordance with Clause 1.11. of this Plan?

For the purpose of clause 25J(2) of the Regulation, a person who, in the opinion of the Council either generally or in a particular case, is suitably qualified to provide an estimate of the proposed cost of carrying out development may do so for the purposes of the report referred to in Clause 1.11. Council encourages the use of a Quantity Surveyor or industry recognised building cost indicators in the preparation of estimates for the purpose of clause 25J(2) of the Regulation. Building cost indicators are to be recognised by the Australian Institute of Building and include, but is not limited to, Reed Construction Data Publications.

The Council may, at the applicant's cost, engage a person to review a report submitted by the applicant in accordance with clause 12.

1.13. Application of Funds Collected

Money paid to Council under a condition authorised by this Plan is to be applied by the Council towards meeting the cost of one or more of the public facilities that will be or have been provided within the area as listed in Schedule 1. Contributions will be allocated at the rate of 50% towards community facilities and 50% drainage infrastructure.

1.14. Project Priorities

Subject to s7.3 of the Act and clause 15 of this Plan, the projects listed in Schedule 1 are to be provided in accordance with the staging set out in that Schedule.

1.15. Pooling of Funds

This Plan authorises money paid in accordance with the condition of development consent imposed under this Plan, to be pooled in accordance with s7.3 of the Act in respect of development within Council's area and applied progressively towards the various purposes for which such conditions were imposed.

1.16. Obligation of Certifying Authorities

Pursuant to clause 146 of the Regulation, a certifying authority must not issue a construction certificate for building work or subdivision work under a development consent unless it is satisfied of compliance with any condition requiring the payment of a levy before work is carried out in accordance with the consent.

The certifying authority must cause the applicant's receipt for payment of the levy to be provided to Temora Shire Council at the same time as the other documents required to be provided under clause 142(2) of the Regulation.

1.17. When is the Contribution Payable?

The contribution, or levy, is required to be paid as per the specifications of the condition which required the contribution be payable. If no time is specified, the levy must be paid prior to the first certificate issued in respect of the development under Part 6 of the Act.

1.18. Deferred or Periodic Payments.

Like other NSW Local Governments, Temora Shire Council does not allow for deferred, periodic or discounted payments of any contribution authorised under this Plan.

1.19. Alternatives to Paying the Levy.

Council can accept offers of Works in Kind or Material Public Benefit in lieu of monetary contribution required as a condition of consent.

Part 2

Expected Development & Facilities Demand

At the date of the 2016 Census, Temora Shire had a population of 6110 residents¹. More recent population figures place the Temora Shire population at 6307 residents². Temora Shire is experiencing a period of population growth, increasing by 5.8% from a population of 5776 in 2011, representing an annual growth rate of 1.16%. Whilst the population is still small in comparison to regional cities, the number of residents and its location 80km from the next largest centres, and 40-50km from other similar sized towns, generates demand for facilities and infrastructure for a stand alone community. Based on recent trends in the value of development occurring in Temora Shire, only around one-third³ of all developments will be expected to pay Council a contribution under this Plan in accordance with the rates established in clause 1.9.

Money levied, will then be put towards the provision, intensification or augmentation of community facilities and infrastructure. These facilities and infrastructure are listed as Projects in Schedule 1 of this Plan. With a continued projected growth rate of approximately 1.1% per year⁴ and recent development rates⁵ annual revenue from this Plan in accordance with the rates established in clause 1.9. is expected to be approximately \$52,000.

As such this Plan is expected to have a life of at least 10 years from adoption. The plan shall be reviewed after 5 years to allow for review of project completion and identification of new priorities.

Projects funded under this Plan are seen as value adding to the already high amenity and liveability of Temora Shire Council; contributing to the goal of Temora Shire being a destination for liveability, migration and innovation.

Delivery of particular projects provide expected timeframes, however actual delivery may depend on securing additional funds through grants or specific budget allocation from Council.

REPORT

Council officers have received notice that the Infrastructure grants (NSW Clubs grants) will open on Monday 21 September and close on Monday 12 October. The grants offer the following funding opportunities:

- Arts & Culture \$50,000 to \$200,000 available per project
- Community Infrastructure \$10,000 to \$200,000 available per project
- Disaster Readiness \$10,000 to \$200,000 available per project
- Sport & Recreation \$100,000 to \$300,000 available per project

Note that the community infrastructure category has been defined to be the following:

The community infrastructure category includes multi-use community facilities including halls and meeting spaces, community transport options, improvements to disability or community welfare infrastructure, infrastructure that supports youth, mental health, homelessness, and domestic violence services.

The conditions of the grant require that, if successful, Council must provide matched funding to their application. Council officers have been advised that co-contributions must be from either Council's budget or reserves, or through a confirmed loan. Use of other grant funds, such as the Drought Communities Program, to provide the co-contribution will not be accepted.

Successful applicants are expected to be announced in late January/early February. The project must be completed within two years of the funding commencing.

If Council were to apply, the project needs to be reasonably advanced in its concept planning so that officers are only required to seek quotes for the proposed works, in order to meet the application deadline.

Potential projects that may be considered include:

- Temora Recreation Centre splash park and playground
- Completion of Bundawarra Centre upgrades
- Completion of Arts Centre upgrades
- Loftus Street CBD footpath renewal – community bus parking area and shelters
- Nixon Park upgrades – top dressing, sealing of car park and road for netball/athletics, widen and reseal netball courts, netball lighting, timekeeper's booth and benches, signage, shade sail over playground

There may be other projects Council wishes to consider.

COMMITTEE RESOLUTION 64/2020

Moved: Cr Max Oliver

Seconded: Cr Kenneth Smith

It was resolved that the Committee provide a recommendation to Council to prepare a Infrastructure Funding application for a Splash Park and Playground at the Temora Swimming Pool and report back to October Assets & Operations Committee for endorsement.

3.5 HULLS ROAD

File Number: REP20/956
Author: Senior Engineering Technical Officer
Authoriser: Engineering Technical Manager
Attachments: 1. Maps
2. Crown Road Signage

REPORT

Councils Engineering Department has further investigated some roads in the area of Boyd's Road following the matter relating to the unnamed road in a separate report. It was found;

1. Hennessy's Road in Image 2 attached is a Crown road not a Council road, even though Council currently maintains the first 2km of the road. The remainder of this Crown road is under enclosure permit with the adjoining owner.
2. Hulls Road in Image 1 running between Boyd's Road and Hennessy's Road is a Council owned road which is formed but of low quality.

Hulls Road and Hennessy's Road contribute little asset value to Council and the community even at times having been fenced without permission each end by adjoining owners for grazing, etc. On at least one occasion Hulls Road was even cropped along the road verge each side of the formed road.

The reason little value is gained is due to the proximity of Morton's Lane and Boyd's Road which have a more direct route while they are also constructed to a higher standard of gravel pavement. Morton's Lane does have a causeway indicated by the green dot in Image 3 which needs a minor upgrade to have a pipe culvert structure installed for low flow to improve accessibility. This should be considered within Councils future capital works program.

The farming land to the north of Hennessy's Road is owned by the one owner with no house along this road requiring access. As indicated the road is already a Crown road so Council should consider stopping maintenance of this road and installing the common signage we use on Crown roads as per image 4 attached. This road would remain in place for use by the adjoining owner including the possibility for them to develop an enclosure permit with Crown lands even if Council were to cease maintenance. The land South of Hennessy's Road is a different owner who accesses their land from Boyd's Road.

Hull's Road would be best closed and sold to the adjoining land owner as this road asset is of a low standard due to it's close proximity parallel to Morton's Lane. Council staff discussed this matter with the owner adjoining each side of Hull's Road who saw no issue in a proposed closure. Particularly favourable regarding farm security removing the extra farm boundaries. It was noted though that if it were closed that Council should improve the causeway on Morton's Lane, which after assessment would benefit some minor work by pipe culvert structure installation in future capital works.

Option 1

No further action regarding Hull's Road and Hennessy's Road however, refer the minor culvert works for Morton's Lane to future budget estimates.

Option 2

No further action with Hulls Road, cease maintenance on Hennessy's Road and install appropriate signage as included in the report. Also referring the minor culvert works for Morton's Lane to future budget estimates.

Option 3

Proceed with closure of Hulls Road with sale of the land to the adjoining owner both sides for \$1,200 per acre (\$9,132 total).

Cease maintenance on Hennessy's Road and install appropriate signage as included in this report.

Refer the minor culvert works for Morton's Lane to future budget estimates.

Budget Implications

The closure of Hulls Road would cost approximately \$8,000 - \$9,000 including survey, administration, legal fees and registration.

As the land area is 7.61 acres a proposed sale price would be \$1,200 acre = \$9,132 to recover the associated cost of closure.

Seconded: Cr Kenneth Smith

It was resolved that the Committee recommend to Council to write to the landholders within the local area and report back to Council.

3.6 LITTLE BAKER STREET UPGRADE

File Number: REP20/960

REPORT

Recently Councils Senior Engineering Technical Officer arranged some maintenance type line marking working around urban Temora however didn't include the line marking in Little Baker Street between Woolworths and their carpark due to the observed declining condition of the pavement (photo's attached). Due to this any line marking undertaken will not last very long resulting in wasted expenditure of maintenance funds and time for Council.

Further investigation into this matter with Councils Engineering Technical Manager revealed that there are currently no plans for future upgrade to this pavement despite its current condition. The failed asphalt pavement is a result of poor sub-base and base pavement materials even possibly poor sub-grade as well which can only be fully determined by geotechnical investigation. The same pavement as placed during the construction of Woolworths and the carpark is under the Council owned road as constructed by the developer as required as part of consenting development.

The resulting pavement is now Councils responsibility being a public road to future treat with an upgrade. As seen over past years the Woolworths carpark has significantly declined in condition with recent works completed in early 2020 by a contractor engaged by Woolworths to improve the safety of the carpark. Councils road treatment will not be the same option as recently completed in the carpark. This is due to only milling and placing Asphalt will see the Asphalt life significantly reduced as the problem is the pavement strength below and without correct treatment of the road pavement failure will eventually reflect through the Asphalt. The only reason the pavement in Little Baker Street has lasted longer is due to much lower Average Annual Daily Traffic (AADT) Volumes than that of the carpark.

As indicated by the aerial image attachment the length of Asphalt Pavement is approximately 56 metres with an approximate width of 5 metres, this totals an area of 280m².

It is suggested that Council consider referring the upgrade of Little Baker Street for upgrade of just the 56m Asphalt section to budget estimates for future capital works to be undertaken.

There are two options for upgrade keeping in mind the surface finish is highly important due to foot traffic volumes and the continued pushing of trolleys across the road pavement, this rules out a conventional type seal due to the rougher surface and loose aggregate that may cause trolley wheels to jam.

Option 1

Mill out the existing Asphalt and base material to stabilise the existing sub-base, then place a base pavement layer before laying a 40mm Asphalt wearing surface.

Option 2

Mill out the existing Asphalt and some of the base material to then replace with reinforced concrete pavement that bridges over the sub-base pavement.

Budget Implications

Without more detailed investigation for budget estimates the approximate value of upgrade is between \$40,000 - \$60,000 for pavement upgrade and final surface treatment.

On top of this to reinstate the speed humps and line marking will require approximately \$3,000-\$5,000.

COMMITTEE RECOMMENDATION

Moved: Cr Kenneth Smith

Seconded: Cr Rick Firman

It was resolved that the Committee recommend to Council to refer Little Baker St Asphalt section upgrade to future budget estimates.

3.1 ECONOMIC DEVELOPMENT STRATEGIC PLAN & INDUSTRIAL LAND REVIEW

File Number: REP20/994

REPORT

Further to a report to the August Council meeting, the following report outlines the proposed process for creating an economic development strategic plan and reviewing the supply of industrial land in Temora Shire.

Having investigated the cost of utilising external resources to create an economic development strategic plan, officers propose to undertake the majority of works internally using existing resources. The plan will draw upon studies undertaken on specific topics, such as the Workforce Futures study, Airport Master Plan, and Aged Care study. It will also collate relevant information from Council's Community Strategic plan, Local Strategic Planning Statement, regional and state plans as well statistical data available from Council's subscription to REMPLAN through RDA Riverina.

Officers will undertake consultation with representatives from key industry sectors including local businesses, regional agencies and government bodies, to undertake a SWOT analysis. It is proposed that Councillors will undertake a workshop to review the SWOT analysis and determine the relevant actions items to feed into the plan. It is anticipated that the draft plan will be available for review by Council towards the end of 2020, before going on public exhibition.

Once the economic development strategy is completed, officers will focus on undertaking a review of the industrial lands component of the LEP. This process will involve reviewing the supply, demand and location of industrial zoned land and follow a similar process to recent LEP reviews, such as Residential land.

1. Proposed Aipark Estate Subdivision - Saleyards
2. Statement of Environmental Effects

REPORT

The committee is advised that Council has commenced consultation for the development of up to 40 Airpark Estate lots on the land formerly known as the Saleyards. The expansion of the Estate was identified in the Airport Master Plan, adopted by Council early in 2019, following extensive consultation with user groups. It follows the successful sale of 80% of the 20 lots on the Spitfire Drive development since release to the market in January 2019. On average, there are 6 new lots on the Airpark Estate sold per year. Council currently has four lots on Spitfire Drive reserved for a potential development. These lots may be released back on the market for sale in the coming months, depending on the outcome of the development opportunity.

It is proposed for the new lots on the expanded Estate to be developed in a range of sizes, from 1212m² to 2481m² to accommodate a variety of potential uses and lifestyles (see attached Proposed Subdivision Plan). Taxiway frontage for each block will range from 24m to 32m, and the length of blocks will range from 54m to 60m.

The new subdivision will access runway infrastructure via a Code B taxiway that will extend to the boundary with Airport Street. The lots running along Bartondale Road will be serviced by a Code A taxiway. The main access taxiway will have the potential to activate other privately owned lots along Bartondale Road which were recently rezoned to SP1 Aviation in line with the Airport Master Plan. There is also provision for a Code B taxiway to connect to neighbouring privately owned land on Tom Moon Avenue, should this land become available for development in the future.

The delivery of the proposed expansion to the Airpark Estate is dependent on Council securing grant funding. A funding application for the project is currently being assessed by the State Government.

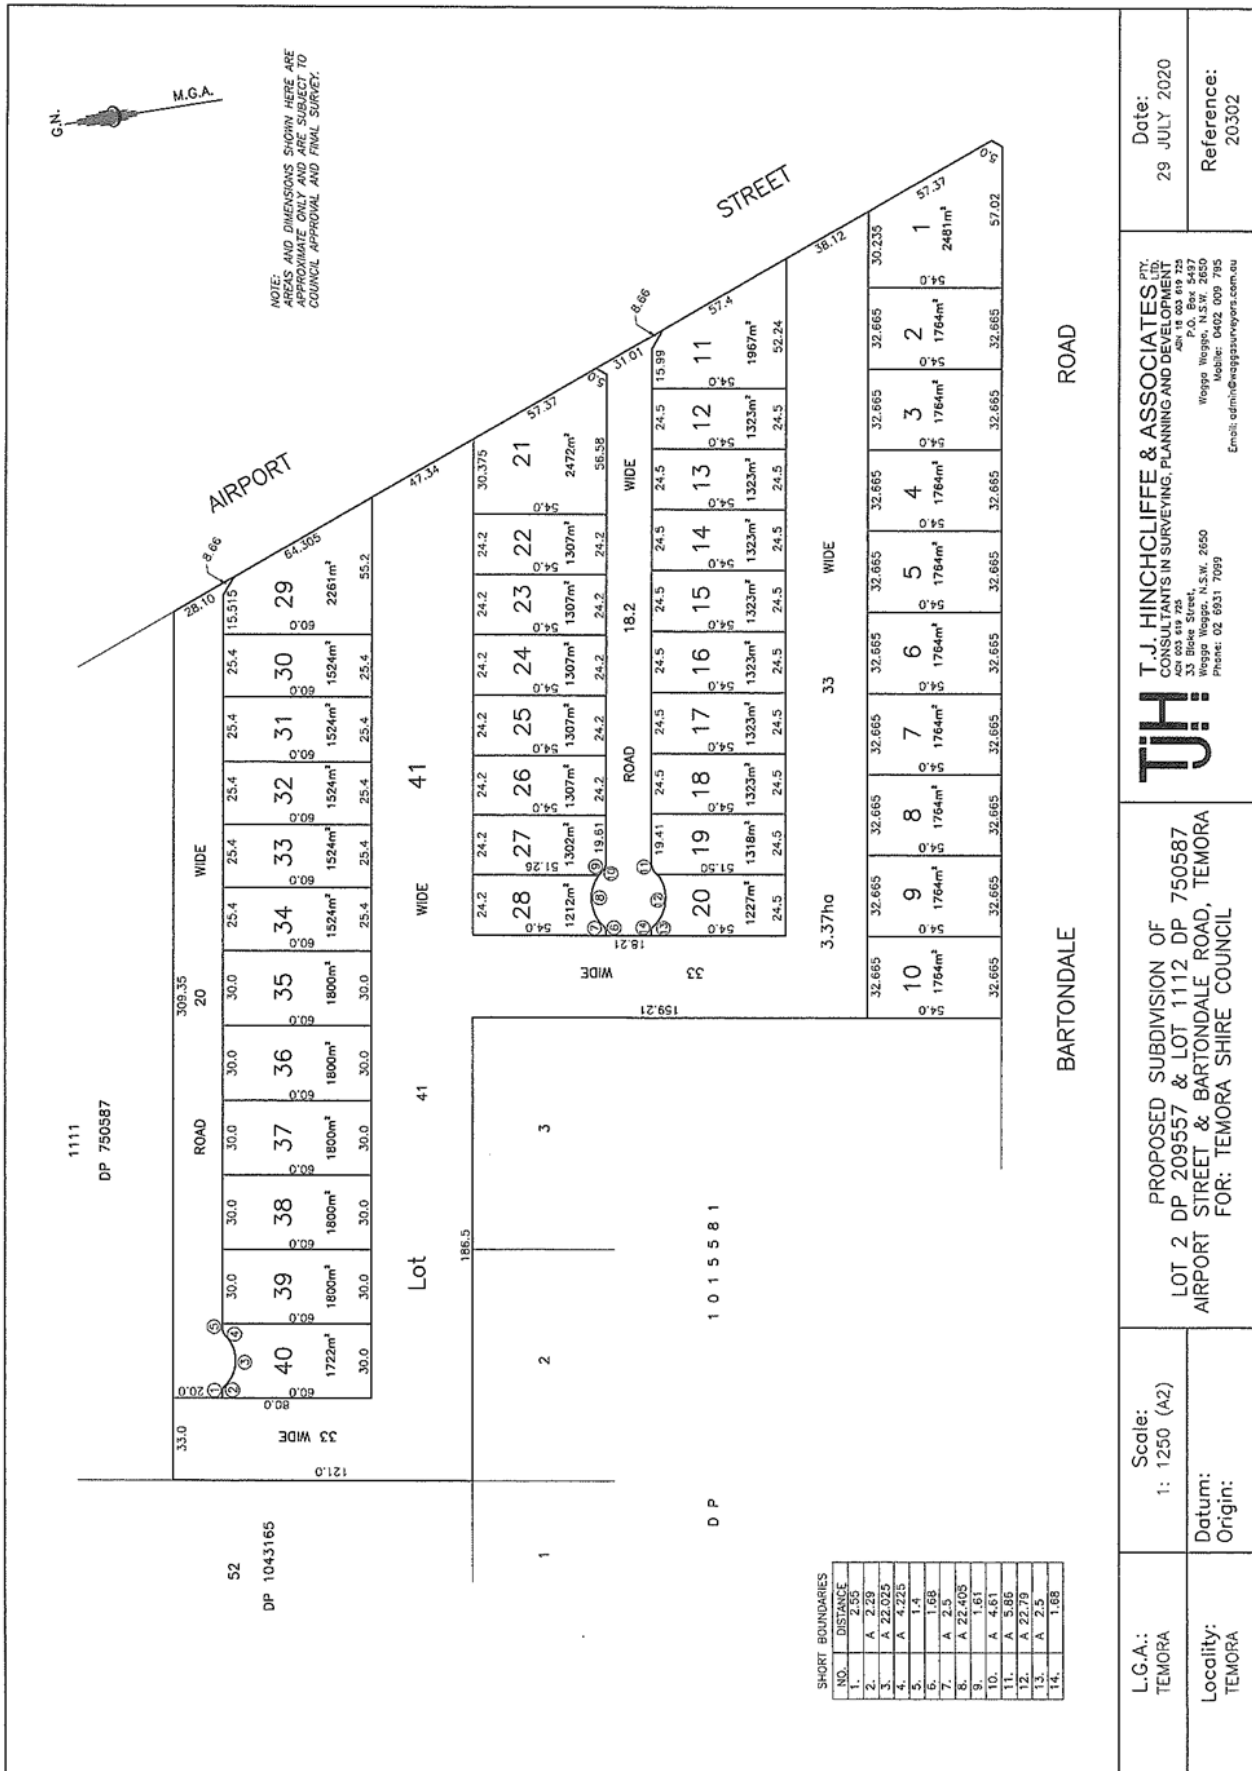

This subdivision forms part of Council's strategy to diversify the economy by providing enabling infrastructure to attract aviation related industry and maximise Council's investment in airport infrastructure whilst providing employment opportunities.

The Statement of Environmental Effects and concept subdivision plan is attached.

RECOMMENDATION

That the Committee recommend to Council to received feedback on the proposed Airpark Estate Subdivision from airport users and potentially impacted residents.

1. Executive Summary

The proposed development is the subdivision of land known as Lot 1112 DP 750587 and Lot 2 DP 209557 (44 Airport Street and Bartondale Road, Temora) into 40 lots for the purpose of extending the existing Temora Airpark Estate. The owner and applicant is Temora Shire Council. The site is zoned SP1 Special Activities (Business Premises, Residential, Tourist and Visitor Accommodation, Incidental with Aviation). The proposed subdivision is permissible with consent within the zone. The proposal is in accordance with the Temora Airport Master Plan, as adopted by Council in April 2019. Relevant natural environment, built environment, heritage, social and economic factors have been considered. The development can be serviced through the extension of existing infrastructure. The proposed development is recommended for approval by Council.

2. Introduction

This Statement of Environmental Effects (SEE) has been prepared by Temora Shire Council Town Planner, Claire Golder, on behalf of Temora Shire Council to support the proposed subdivision of land known as Lot 1112 DP 750587 and Lot 2 DP 209557 (44 Airport Street and Bartondale Road, Temora). The report has been prepared to accompany a Development Application to be submitted for the assessment of the proposed development. The owner and applicant for the project is Temora Shire Council.

3. The Site

The site is zoned SP1 Special Activities (Business Premises, Residential, Tourist and Visitor Accommodation, Incidental with Aviation). The minimum lot size that applies to the site is 750sqm. Figure 1 shows the existing lot layout and zoning of the site.

Figure 1: Existing lot layout and zoning map

Figure 2 shows an aerial image of the site and the location at the corner of Airport Street and Bartondale Road.

Figure 2: Aerial image of the site

The site is located approximately 1.8km north-west of the centre of Temora, as shown by Figure 3. The area of the site is as follows:

Lot 1112: 4.67 hectares

Lot 2: 6.27 hectares

Total area: 10.94 hectares

Appendix 1 shows site photos. The former saleyards land is predominantly cleared and is currently used as a materials stockpile associated with the upgrade of the Temora runway project. There is an existing transportable dwelling, shed and cottage located on Lot 1112. These structures will be removed as part of the development of the site.

Photo 1: Existing transportable dwelling and cottage on Lot 1112

Photo 2: Shed located on Lot 1112

The site is adjacent to low density residential dwellings on all sides. Temora Airport and the existing airpark estate adjoin these residential developments to the north and west of the site.

Land to the north and west of the site is also zoned SP1 Special Activities (Business Premises, Residential, Tourist and Visitor Accommodation, Incidental with Aviation), following the completion of a rezoning of this precinct in February 2020. Land to the south is zoned R5 Large Lot Residential with a two-hectare minimum lot size. Land to the east is zoned B6 Enterprise Corridor and is used for residential and business purposes.

Statement of Environmental Effects – Page 6 of 32

Figure 3: Location of the site, north west of Temora town centre.

4. The Proposed Development

The proposal involves the subdivision of Lot 1112 DP 750587 and Lot 2 DP 209557 into 40 lots for the purpose of developing Stage 5 of the Temora Airpark Estate. The proposed subdivision layout is shown by Figure 4.

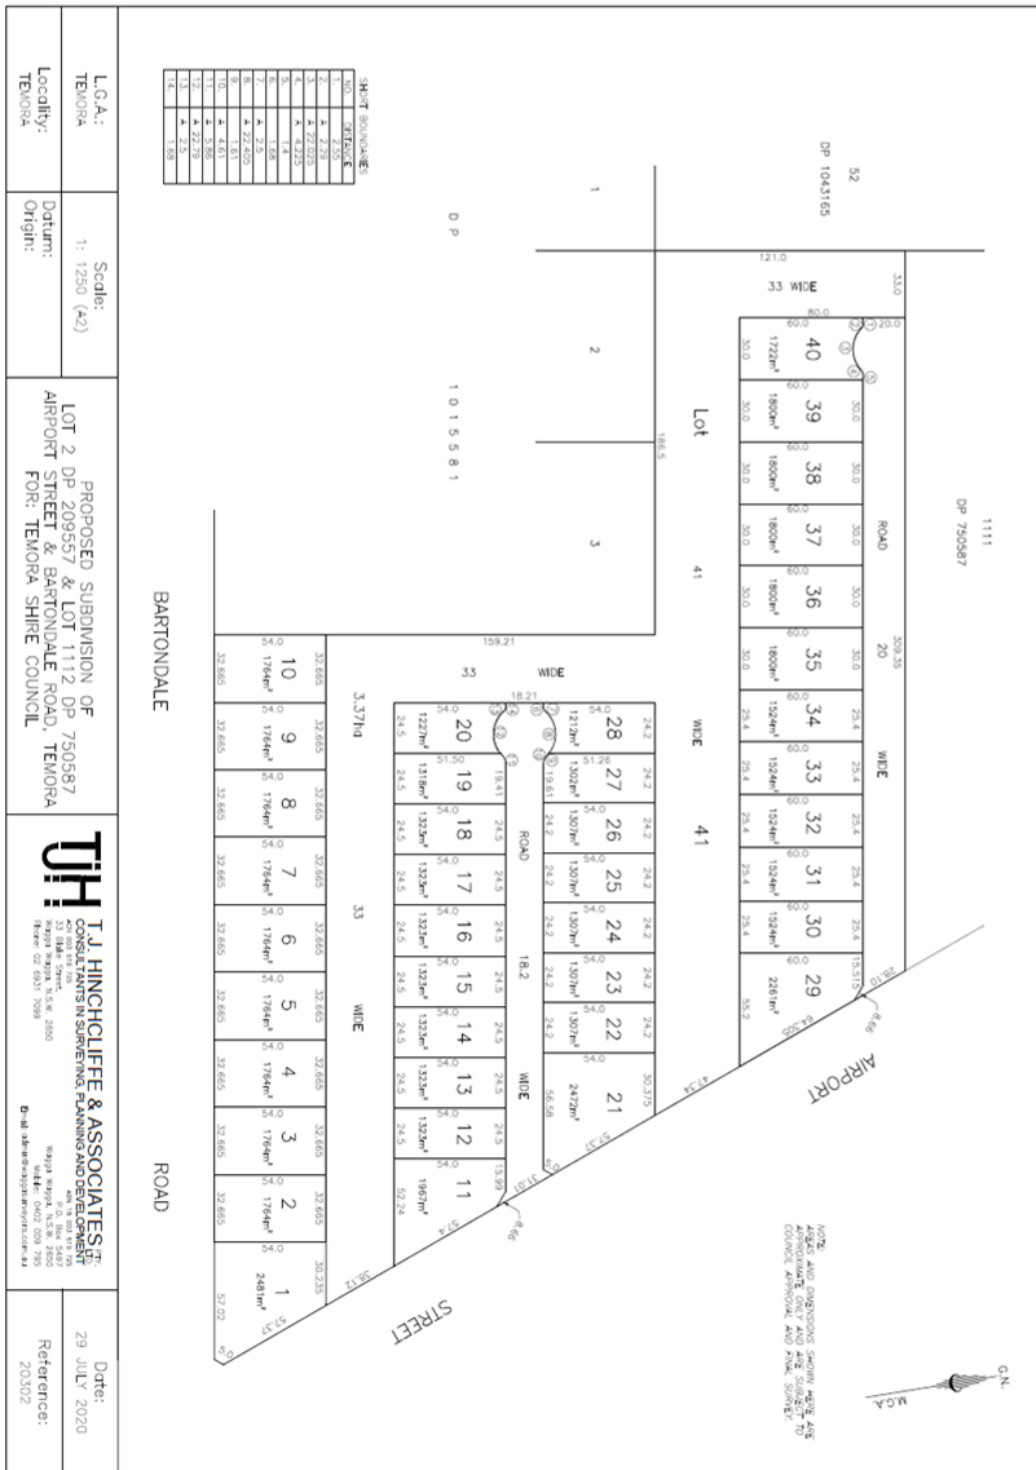

Figure 4: Proposed subdivision layout

The expansion of the Estate was identified in the Airport Master Plan, adopted by Council early in 2019, following extensive consultation with user groups. The proposal is consistent with the previous stages of the existing Temora Airpark Estate, located immediately north of the development site. The proposal responds to recent development demand, with the sale of 80% of the 20 lots on the Spitfire Drive development, which was released to the market in January 2019. On average, there are 6 new lots on the Airpark Estate sold per year. Council currently has four lots on Spitfire Drive reserved for a potential development. These lots may be released back on the market for sale in the coming months, depending on the outcome of the development opportunity.

It is proposed for the new lots on the expanded Estate to be developed in a range of sizes, from 1212m² to 2481m² to accommodate a variety of potential uses and lifestyles (see attached Proposed Subdivision Plan). Taxiway frontage for each block will range from 24m to 32m, and the length of blocks will range from 54m to 60m.

The new subdivision will access runway infrastructure via a Code B taxiway that will extend to the boundary with Airport Street. The lots running along Bartondale Road will be serviced by a Code A taxiway. The main access taxiway will have the potential to activate other privately owned lots along Bartondale Road which were recently rezoned to SP1 Aviation in line with the Airport Master Plan. There is also provision for a Code B taxiway to connect to neighbouring privately owned land on Tom Moon Avenue, should this land become available for development in the future.

The delivery of the proposed expansion to the Airpark Estate is dependent on Council securing grant funding. A funding application for the project is currently being assessed by the State Government.

This subdivision forms part of Council's strategy to diversify the economy by providing enabling infrastructure to attract aviation related industry and maximise Council's investment in airport infrastructure whilst providing employment opportunities.

As the development does not have a capital investment value of more than \$5 million, it is not Regionally significant development, as defined under State Environmental Planning Policy (State and Regional Development) 2011.

5. Infrastructure and Servicing

The natural topography of the site slopes from the corner of Bartondale Road and Airport Street towards the north and west, with a low point of existing dams located in the north-eastern corners of both lots, as shown by Figures 5 and 6. There are two existing dams on the site, both will be filled in as part of the proposed subdivision.

Figure 5: Contour map of site indicating natural topography

Figure 6: Aerial image indicating topography

Stormwater drainage

Council's Engineering Department advise that, based on the existing topography, the site can be serviced by stormwater drainage. Residential lots will be serviced with kerb and gutter infrastructure. Taxiways will be serviced through table drains. Residents may be required to include a stormwater drainage pipe under their hangar accessway.

Water

Reticulated water is available in the vicinity of the development, as shown by Figure 7. Preliminary consultation has occurred with Goldenfields Water, who have advised the water serviced are able to be connected to the proposed subdivision.

Figure 7: Water services in the vicinity of the site

Sewer

Sewer services will require extension to service the site, as shown by Figure 8. Council's Engineering Department advise that the site can be satisfactorily connected to Council's existing sewer network.

Figure 8: Location of nearby sewer services

Electricity Services

Electricity services are available in the vicinity of the site, as shown by Figure 9.

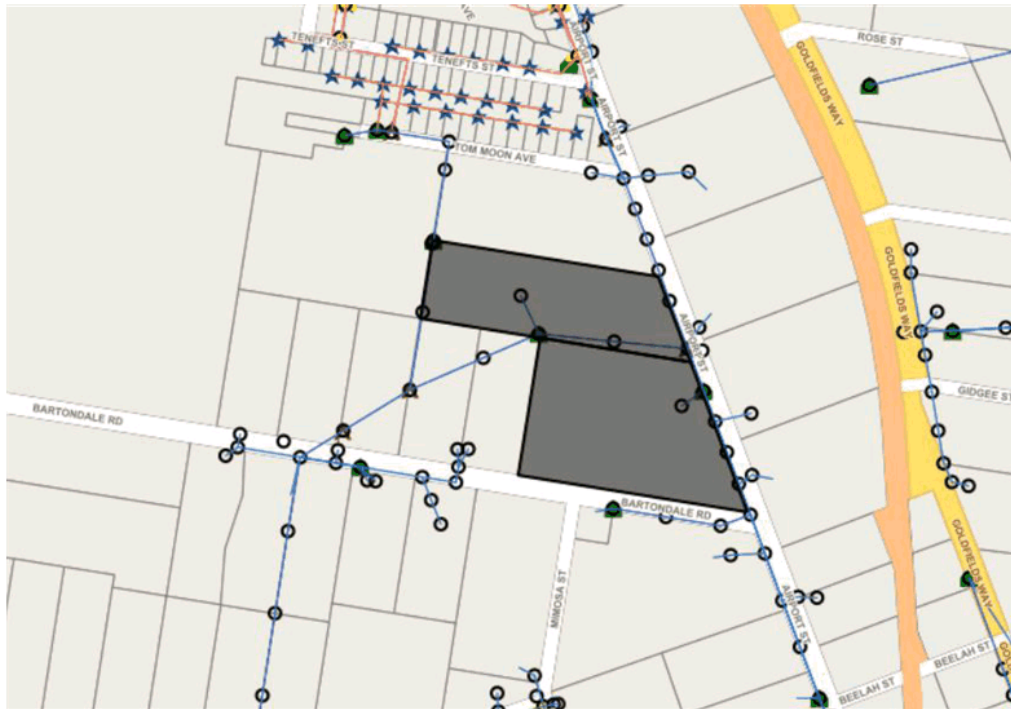

Figure 9: Location of electricity services in the vicinity of the site

Existing above ground electricity infrastructure located on Lot 1112 will be required to be relocated undergrounds as part of this development. Preliminary consultation has occurred with relevant electricity infrastructure providers, who have advised that relevant connections can be provided to the network.

Existing power pole to be removed as part of subdivision

Existing powerline, looking east from dwelling, to be relocated underground

Gas Services

Gas services are available adjacent to the development site, as shown by Figure 10. Preliminary consultation has occurred with APA gas services, who have advised that gas services may be provided to the proposed subdivision development.

Figure 10: Gas services adjacent to the development site

Road infrastructure

The site is served by existing road infrastructure of Airport Street and Bartondale Road. Airport Street is a 9m wide sealed and linemarked road that includes a linemarked cycleway on the eastern side. Bartondale Road is a 7m wide sealed rural road. The current signposted speed limit of these roads is in part 50km/hr and in part 70km/hr.

Telecommunications

The site is able to be serviced by mobile phone and NBN connections, which will be finalised closer to the construction time.

6. Environmental Planning Assessment

This section provides an environmental planning assessment of the proposed development against all relevant statutory and non-statutory requirements. The development is evaluated under Section 4.15 of the Environmental Planning and Assessment Act 1979.

4.15 Evaluation

Matters for consideration—general In determining a development application, a consent authority is to take into consideration such of the following matters as are of relevance to the development the subject of the development application—

(a) the provisions of—

(i) any environmental planning instrument,

The following State Environmental Planning Policies (SEPP) are relevant to the application:

State Environmental Planning Policy 55 – Remediation of Land

Lot 2 DP 209557 is the former Temora saleyards land. As part of the rezoning of this site, conducted in 2019, a preliminary site investigation was conducted by McMahon Earth Science. The study concluded that:

- The potential contamination sources, pathways and receptors have been identified along with the areas of concern.
- The sampling undertaken returned results below the adopted criteria and as such the risk of gross contamination across the site is low.
- The potential hazardous building material and fill material on site can be managed during development given appropriate controls are put in place as outlined in this PSI.
- Based on the findings of this report the site is assessed to be suitable for the proposed development with low risk to human health and/or the environment.

Lot 1112 DP 750587 was previously used for large lot residential purposes with a single dwelling. The site has no evidence of any potential contamination and no further investigation is required in relation to this site.

State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017

The proposal will involve clearing of vegetation. There are twenty Eucalyptus trees located along the roadside of Bartondale Road, that will be required to be removed to support the future subdivision. These trees will be replaced by appropriate street trees as part of the development. There is also a patch of vegetation, approximately 6000sqm, that will be required to be removed to facilitate the subdivision. This vegetation is comprised of a mixture of native and non-native species, including 10 semi-mature – mature species of Eucalypts, a small number of peppercorn trees and white cedar trees, and a predominance of non-native black pine trees. The groundcover is comprised of broadleaf weeds, grasses and stinging nettles. Appendix 1 shows site photos of existing vegetation.

As the area of native trees proposed to be clear is less than the threshold of 0.25 hectares, the proposal does not require consideration under the Biodiversity Offset Scheme.

It is concluded that the clearing of this vegetation is unlikely to significantly affect threatened species.

Under the **Temora Local Environmental Plan 2010**, the site is zoned SP1 Special Activities (Business Premises, Residential, Tourist and Visitor Accommodation, Incidental with Aviation).

The objectives of zone are:

- To provide for special land uses that are not provided for in other zones.
- To provide for sites with special natural characteristics that are not provided for in other zones.
- To facilitate development that is in keeping with the special characteristics of the site or its existing or intended special use, and that minimises any adverse impacts on surrounding land.
- To encourage the protection and careful management of roadside native vegetation and native habitats.
- To encourage a variety of business, residential and tourist accommodation land uses within the vicinity of the airport that are incidental to aviation.

The zone permits development of the land with consent for the purpose shown on the land zoning map, including any development that is ordinarily incidental or ancillary to development for that purpose.

The proposal is consistent with the objectives of the zone and is permitted with consent.

Principal Development Standards

4.1 Minimum subdivision lot size

The minimum lot size that applies to the site is 750 square metres. All proposed lots are larger than the minimum lot size.

Additional local provisions

6.1 Biodiversity

A small section of the site is identified as Sensitive Biodiversity, specifically part of the roadside vegetation along Bartondale Road and a small patch of vegetation located west of the existing dwelling on Lot 1112. The roadside vegetation consists of large Eucalyptus trees, with exotic grasses and weeds groundcover. It is recommended that these trees be removed in order to facilitate the development and be replaced with suitable street trees. The removal of the roadside trees is not considered to be environmentally significant due to the small number of trees impacted by the development.

The patch of vegetation identified on the biodiversity map is a mixture of common native trees and non-native trees. The groundcover is a mixture of exotic grasses and weeds. The removal of this vegetation is not considered to be environmentally significant due to the relatively small area impacted and the lower environmental value of this patch of vegetation.

6.2 Land

There is no sensitive land identified within the site.

6.3 Water

There are no sensitive waterways that are identified within the site.

6.4 Earthworks

The project will require significant earthworks in order to facilitate construction of roads and connection to other infrastructure. Earthworks will be conditioned to be managed throughout the construction period in order to manage erosion and drainage patterns.

6.5 Essential Services

The development will be conditioned to connect to relevant essential services, including the supply of water, electricity, sewer management and disposal, stormwater drainage and suitable road access.

6.6 Flood Planning

The site is not identified as flood prone land and is not identified as being affected by the 1% AEP by the Temora Flood Study 2019.

6.7 Development in areas subject to airport noise

The airpark estate is located adjacent to, but not directly impacted by, the Australian Noise Exposure Concept (ANEC) noise contours, which identifies land being affected by aircraft noise. As the purchasers of the subdivided lots will be completing development in association with aviation, there is an acceptance of general aircraft noise within the vicinity of the site. The level of impact of aircraft noise of existing and future use of light aircraft, low level usage of commercial aircraft and use of aircraft in association with the Temora Aviation Museum are considered to be acceptable where the development is in association with a residential airpark estate

(ii) any proposed instrument that is or has been the subject of public consultation under this Act and that has been notified to the consent authority (unless the Planning Secretary has notified the consent authority that the making of the proposed instrument has been deferred indefinitely or has not been approved),

There are no proposed instruments that are relevant to this application

(iii) any development control plan,

Under the Temora Shire Development Control Plan 2012, the following Chapters are relevant to the application:

Contaminated Land

The issue of potential land contamination has already been considered as part of a SEPP55 report that was prepared as part of the rezoning of this site. The site has been deemed suitable for the proposed use of residential development, therefore no further assessment is required.

Development Applications

The Development Application includes relevant plans and supporting information suitable for the assessment process.

Engineering Standards

The engineering infrastructure will respond to relevant controls including:

Statement of Environmental Effects – Page 21 of 32

- Rolled kerb to provide future driveway access
- Provision of stormwater guttering
- Sealed roads and road shoulders in accordance with Council standards
- Footpaths are not required in this location
- Connection to water, sewer and stormwater infrastructure in accordance with Council standards
- Planting of street trees
- Inclusion of relevant easements for infrastructure
- Provision of street lighting in accordance with Australian Standards

Environmentally Sensitive Areas

There are a small number of Eucalyptus trees that will be required to be removed to facilitate the proposed subdivision. These trees have limited environmental and amenity value and their removal is not considered to have a significant impact on biodiversity, habitat or threatened species.

Erosion and Sediment Control

The development will require relevant erosion control measures and management practices as part of the construction process. These can be included as conditions of consent.

Landscaping

The development will include provision for the planting of suitable street trees. Future residential developments will be required to adhere to the airpark landscaping schedule of plantings that do not attract birds and fruit bats.

Notification of Development Applications

The development will be required to be notified to neighbouring landholders and advertised using normal notification procedures.

Subdivision

The subdivision design responds to relevant Council controls relating to lot size and minimum lot frontage. All relevant services and road connections will be provided.

Temora Airpark Estate

The subdivision will form the next stage of the Temora Airpark Estate. All future development on this site will be required to respond to the controls included within this Chapter.

(iia) any planning agreement that has been entered into under section 7.4, or any draft planning agreement that a developer has offered to enter into under section 7.4,

There are no relevant planning agreements that apply to this site.

(iv) the regulations (to the extent that they prescribe matters for the purposes of this paragraph), that apply to the land to which the development application relates,

The application has satisfied all relevant regulations in relation to development application information. There are no concurrences required. Relevant Government agencies were consulted as part of the rezoning of this land. Council officers have satisfied all relevant issues in relation to biodiversity, Aboriginal cultural assessment and land contamination. Aboriginal Heritage Information Management System (AHIMS) searches of both lots have revealed that no Aboriginal sites are recorded in or near the location and no Aboriginal places have been declared in or near the locations. Refer to Appendix 2 for AHIMS searches. The proposal to provide additional house and hangar development in the future is consistent with the objectives of this zone and additional demands for aircraft usage can be accommodated at the Temora Airport.

(b) the likely impacts of that development, including environmental impacts on both the natural and built environments, and social and economic impacts in the locality,

Environmental impacts – natural environment

The site is not identified as being affected by flooding or bushfire risk. Impacts upon the natural environment are limited as the site is largely cleared, as it has been used as a saleyards in the past and low density residential usage. The proposed use of the site for residential development in association with aviation is consistent with the zoning of the site.

Environmental impacts – built environment

There are no heritage items that are included on the site.

The subdivision will enable future changes to the built environment, as house and hangar developments will be supported. This is in accordance with the objectives of the zone. The Development Control Plan Chapter Temora Airpark Estate will control future development and support the construction of a high quality residential area.

Social impacts

The social impacts of the development will be positive with the additional opportunities for new residents in Temora. The level of development is considered to be acceptable based upon the available airport infrastructure, as well as existing community infrastructure, facilities and services.

Economic impacts

The economic benefits will be positive through the generation of new residents and new development within Temora Shire. The proposed subdivision will respond to ongoing

Statement of Environmental Effects – Page 23 of 32

demand for residential airpark development, with Council responding to this demand and diversifying the local economy outside of the core economic driver of agriculture.

(c) the suitability of the site for the development,

The site is suitable for the proposed purpose, due to the proximity of the site to the Temora Airport. Access to the site for aircraft will be provided by a future taxiway, to be constructed as part of a separate development application.

(d) any submissions made in accordance with this Act or the regulations,

Any submissions received will be considered as part of the assessment process. Council has already completed extensive consultation in relation to this proposal as part of developing the Temora Airport Master Plan, as adopted by Council in April 2019. Preliminary consultation with the Aerodrome Users Committee has already occurred prior to the submission of the Development Application, with feedback being generally positive.

(e) the public interest.

The development is in the public interest as it supports additional housing and economic opportunities and provides for the reuse of land following the closure of the Temora saleyards.

7 Conclusion

The proposed development of a 40 lot residential airpark subdivision at 44 Airport Street and Bartondale Road, Temora is consistent with the objectives of the zone and is in accordance with Council's adopted Temora Airport Master Plan. The proposal will provide economic and social benefits to the community through the provision of additional residential development opportunities in association with aviation. The proposal will support the reuse of the former Temora saleyards land and will support additional use of the Temora Airport. Existing infrastructure can be extended to accommodate the development. The site is already largely cleared and the removal of a mixture of native and non-native trees, located on the roadside and a small patch of existing vegetation, is not considered to cause an impact to threatened species and their habitat. It is recommended that the proposed development be approved by Council, subject to relevant conditions.

REPORT

3rd August – Local Government & Education Week commenced – with the COVID-19 situation, we are having somewhat of a lower key celebration this year. My warm congratulations to our Community & Cultural Services Officer, Ms Amanda Gay and our Communications Officer, Mrs Kate Slapp, for their great effort.

- I attended a sitting of the NSW Local Government Boundaries Commission. This is again to consider the de-merger proposals of Cootamundra-Gundagai Regional and Snowy Valleys Councils.
- I chaired the special tribute ceremony to our Nurses & Midwives at Temora District Hospital. Council together with our Shire community warmly thank all our Nurses and Midwives – past and present. Congratulations are extended to our Hospital Facility Manager, Mrs Wendy Skidmore, who has the honour of planting the commemorative tree on the grounds of the Hospital, in honour of all our Nurses and Midwives.
- I chaired the Temora Local Health Advisory Committee (LHAC) monthly meeting. We have a great team who care deeply about our Hospital and our Shire community. The LHAC is the closest group we have to the former Hospital Board.

4th August – I had a teleconference with Coolamon Shire Mayor John Seymour OAM (Deputy Chairman of Riverina Eastern Regional Organisation of Councils (REROC).

- I had a teleconference with the Local Government NSW President, Cr Linda Scott.

5th August – I attended the Council Chambers.

- We conducted a zoom meeting with the students of Ariah Park Central School. This was a great experience with students from Kindergarten to Year 11. I warmly thank all teachers and students involved in bringing this about. I also praise Mrs Slapp for her outstanding effort with filming and editing.

6th August – Councillors, Senior Staff and I attended a special workshop, held in the Temora Memorial Town Hall Supper Room.

- I went to Wagga & attended a meeting of the NSW Joint Organisation (JO) Chairmen's Network, via zoom videoconferencing. As the Independent Chairman of the Riverina JO I have the honour to work with the 12 other JO Chairmen from across NSW. Temora Shire's Deputy Mayor, Cr Graham Sinclair, is the Temora Shire delegate on the Riverina JO Board.

7th August – I chaired the REROC Executive meeting, via zoom videoconferencing.

- I had a teleconference with our NSW Member for Cootamundra, Ms Steph Cooke MP. This is one very tough, caring and hard-working lady!

10th August – The General Manager’s Performance Review Panel (comprising myself, Deputy Mayor Cr Sinclair, Cr Nigel Judd OAM and Cr Ken Smith) held our annual formal review. This was a very good session and we are certainly most grateful to have our General Manager, in Mr Gary Lavelle PSM. Mr Lavelle gives 100% plus to all he does. He truly cares about our Councillors, Staff and Shire community. I thank the Panel Members for their effort, and also Messrs Terrey Kiss PSM and Allan McCormack (from Blackadder & Associates) for assisting Council and I in facilitating the meeting.

11th August – Councillors, Senior Staff and I attended Council Committee Day. Committee’s included Youth Advisory, Access & Equity, Assets & Operations and Economic Development & Visitation. This was a really good day of meetings with everyone giving 100%.

12th August – I chaired the Temora West Public School Council meeting, with Cr Max Oliver also joining me as a community member of the School Council. It was the first meeting our Acting Principal, Mr Peter Roddy attended, whilst Mrs Toni Smart is on well-earned long-service leave.

- I had a teleconference with the Mayor of Coolamon Shire, Cr John Seymour OAM.

13th August – I attended a Murrumbidgee Primary Health Network Chairmen’s Forum via zoom videoconference. This was a great opportunity to catch up with all Chairmen of Hospitals from across the Murrumbidgee footprint.

- I attended the Annual General Meeting of the Temora Shire Australia Day Council. Congratulations are extended to the Deputy Mayor, Cr Sinclair, on his re-election as Chairman. My dear mother, Mrs Beth Firman was also re-appointed to her long-standing role of Secretary and Cr Max Oliver, is again our Treasurer. Australia Day is scheduled for Gloucester Park, for breakfast, on Tuesday 26th January, 2021, with the usual Citizen of the Year Awards to be conducted.

17th August – I attended Council office.

- I attended meetings with the General Manager (Mr Lavelle).

19th August – I chaired the Temora & District Sports Council Delegates meeting. Cr Max Oliver also attended the meeting. We will not meet in September and resume in October.

20th August – I had a most exciting experience, spending time with World War II Veteran from Temora Shire, Mr Bill Harris. Mr Harris and I were involved with the filming of a ‘Minute with the Mayor’. Mr Harris was also filmed as part of our ‘Homegrown Heroes’ series. To suggest Mr Harris is a gentleman of the highest order would certainly be an understatement. Courage, grace, dignity and warmth are just some of the qualities I believe Mr Harris possess.

- Councillors, Senior Staff and I attended our August Council meeting.

- I had a teleconference with Local Government NSW President, Cr Linda Scott.

25th August – I chaired the Temora Police & Community Committee’s annual general meeting. Congratulations to retiring Chairman, Col Patrick Thorne AM (Ret’d) on his leadership over the past two terms. We welcomed two new members in Mr Grant Haigh (St Anne’s Central School Principal) and Mr John Liston. I was elected Chairman for the 12 months, with retiring Treasurer, Cr Max Oliver appointed as the new Deputy Chairman. Ms Narelle Pellow is the new Treasurer. We particularly thank our Sergeant, Tyrone Stacey and Inspector Andrew Ryabovitch for their solid support of the TPCC.

26th August – I attended the Council Chambers for a series of meetings.

- I had a teleconference with NSW Member for Cootamundra, Ms Steph Cooke MP. Ms Cooke is also Parliamentary Secretary for the Deputy Premier and for Southern NSW.

27th August – I chaired the Riverina Joint Organisation Board meeting.

- I chaired the Riverina Eastern Regional Organisation of Councils Board meeting. We had seven regional general-purpose Councils re-commit to REROC for at least the next two years, with Goldenfields Water County Council doing the same.
- I chaired a Temora District Hospital Executive meeting with Pastor Patricia Morris (LHAC Secretary) and Mrs Wendy Skidmore (Hospital Manager).
- I chaired the Temora & District Education Fund’s Board meeting, the first one since February. It was great to be back together.
- I had a teleconference with Federal Member for Riverina, the Hon Michael McCormack MP.

28th August – I attended a sitting of the NSW Local Government Boundaries Commission.

29th August – I turned 46 years of age and had a terrific day. I was particularly touched by the kind calls, notes etc I received. I even goal-umpired at Ganmain, making my maiden appearance for the year.

31st August – I had a meeting with the General Manager (Mr Lavelle).

Temora Shire Council

1. PURPOSE

Temora Shire Council is committed to procurement practices that achieve the best possible value for money, and employ highly transparent, accountable and ethically-sound processes.

This is **achieved** by conducting thorough evaluations of the whole-of-life cost of purchases, and ensuring that best practice procurement processes are communicated, understood and adhered to by all parties.

This Policy applies to Council's procurement functions including purchasing, tendering, contract management, payments and asset disposal as they relate to the acquisition, use and disposal of goods and services.

Through observing this Policy, Council will be able to use procurement as an opportunity to manage the community's money wisely and to deliver much needed goods and services in a financially, environmentally and socially sustainable way.

2. OBJECTIVES

To ensure purchasing arrangements comply with the following organisational objectives;

- Compliance with Local Government Act and Regulations;
- Efficient and effective use of Council resources;
- Open and effective competition;
- Value for money;
- Quality product and service;
- Enhancement of the capabilities and sustainability of local business and industry;
- Sustainable procurement;
- Environmental protection;
- Ethical behaviour and fair dealing; and
- Safety compliance, including transport chain of responsibility compliance.
- **Support for local business**

3. POLICY

3.1 GENERAL INFORMATION

It is generally accepted that purchasing by publicly funded authorities is guided by the following key principles:

- Compliance with the NSW Local Government Act 1993 and the NSW Local Government (General) Regulations 2005 in relation to the procurement of goods and services;
- Purchasing procedures be designed to provide the best value for money through the effective and efficient use of resources;

Revision 1

Function: Engineering

Temora Shire Council

Policy Number: G3

- Purchasing procedures used must achieve the highest level of public accountability, as outlined in this policy;
- Purchasing procedures must achieve the best value for money, ensure open competition and ensuring no individual supplier is given advantage over others;
- Purchasing procedures comply with all of Council's policies;
- Purchasing procedures should mitigate and manage the exposure to all risks associated with procurement.

3.2 APPROVED SUPPLIER ARRANGEMENTS

3.2.1 Approved Suppliers

Approved Supplier means a supplier who has been approved by Temora Shire Council to supply goods and services to the organisation.

Council continually maintains an Approved Supplier Register, with suppliers successfully meeting specified criteria set by Council being established as an Approved Supplier.

Assessment criteria relates to supplier insurance, registration and licensing, along with a commitment to Work Health and Safety and compliance with Council's adopted policies and procedures.

Council utilise the Approved Supplier Register to obtain goods and service proposals through seeking Quotations and Tenders, combined with undertaking specific purchases relating to direct plant and labour hire (hourly rate) without calling for quotations up to a value of \$50,000.

The intent of the Approved Supplier Arrangement is to facilitate an efficient purchasing process that maintains value and mitigates purchasing risk.

Selective direct plant and labour hire purchasing aims to efficiently support Councils existing resource base, through the elimination of need to clearly define project scope and obtain multiple or duplicate quotations for high volume routine purchases.

The results for Council is maintenance of good value for money, flexibility in procurement methods (labour/plant hire vs project quote for minor routine works) and more efficient use of internal resources.

Under this arrangement Council maintains the right to test the market and call for open quotations for any products or services it deems necessary.

Organisations seeking to become a Council Approved Supplier can access an Approved Supplier Application Pack via Councils website or via the following link [Approved Supplier Application](#).

3.2.2 Preference for Local Suppliers

A local supplier is defined as individuals, organisations or companies whose main business functions are based within the geographical Temora Local Government Area **and who maintain business premises located within Temora Shire**.

The preference of Local Suppliers is to recognise the importance of local business by acknowledging that such businesses should be given consideration in the purchasing

Function: Engineering

Temora Shire Council

Policy Number: G3

function of Council. Council will endeavour to ensure that local **suppliers** are afforded the opportunity to participate in the process.

In considering purchasing options, a local purchase preference, to a value of 10% or \$1,000, whichever is the lesser value, will be given where a product is available locally. **The local preference amount does not apply to local business delivering Government Contract procurement.**

In the case of fuel, agreements for supply by the local **supplier** will be tested annually against the Terminal Gate Price and rates provided by LGP. In annual terms, the local purchase preference policy will apply.

3.3 ETHICAL STANDARDS AND FAIR DEALINGS

Council is committed to ethical business practice based on the principles of public duty. Such principles include value for money, transparency, impartiality and fairness.

Temora Shire Council will ensure that procedures and practice relating to procurement of goods and services are consistent with best practice and the highest standards of ethical conduct. Council staff are in all circumstances bound by Council's Code of Conduct when carrying out their duty as an employee of Council.

- Staff are expected to abide by state and federal law and all relevant Council policies and procedures;
- **Staff must act ethically, fairly, respectfully and honestly in all dealings with suppliers;**
- Staff are accountable for their actions and are expected to act in the public interest;
- Staff are expected to act with due care and diligence;
- Staff are expected to use public resources effectively and efficiently; and
- Staff should avoid any conflicts of interest either perceived, pecuniary or non-pecuniary.

In addition, procurement activities are guided by the following core business principles;

- All potential suppliers will be treated with impartiality and fairness and given equal access to information and opportunities to submit bids.
- All procurement activities and decisions will be fully and clearly documented to provide an effective audit trail and to allow for an effective performance review of contracts.
- Tenders and quotations will not be called unless Council has a firm intention to proceed to contract. Council will not disclose confidential or property information.

Council expects all **suppliers, or agents of suppliers** of goods and services to observe the following principles when doing business with Temora Shire Council.

- Provide accurate and reliable advice and information when required;
- Declare actual or perceived conflicts of interest as soon as the business becomes aware of the conflict;

Revision 1
File Name: 2 G3 - Procurement Policy.doc

*Function: Engineering**Temora Shire Council**Policy Number: G3*

- Respect the obligation of Council staff to act ethically, fairly and honestly in all business dealings;
- To act ethically, fairly, respectfully and honestly in all dealings with Council;
- To not exert pressure on Council staff to act in ways that contravenes the business ethics or code of conduct of our organisation.
- To refrain from engaging in any form of collusive practice, including offering Council employee's inducements or incentives designed to improperly influence the performance of their duties.
- To commit to not offer Council staff inducements or incentives such as money, gifts, benefits, entertainment or employment opportunities.
- To assist Council to prevent unethical practices in its business relationship.
- To refrain from contact with Councillors in relation to **a decision on the allocation of current or future** supply of goods or services to Council

Council reserves the right to suspend or cease dealings with contractors or suppliers who do not comply with any of the above principles.

For further detail regarding ethical standards and Council Code of Conduct, please refer to Governance Policies [G15 - Statement of Business Ethics](#) and [G17 - Code of Conduct](#) available on Council's website.

3.4 SAFETY, QUALITY AND ENVIRONMENT

All suppliers must adhere to current Workplace Health and Safety, Quality and Environmental legislative requirements.

The relevant Council Officer in charge of the procurement activity shall ensure all suppliers comply with the provisions of Council's safety, quality and environmental policy and procedure.

For further detail regarding safety quality and environmental expectations, please refer to Council policies [Health and Safety Policy](#), [Quality Policy](#) and [Environmental Policy](#) available from Council on request.

3.5 SUSTAINABLE PROCUREMENT

Sustainable procurement is a process whereby Council will meet its needs for goods, services, works and utilities in a way that achieves value for money on a whole life basis in terms of generating benefits not only to the organisation, but also to society and the economy, whilst minimising damage to the environment.

Practicing sustainable procurement will assist Council in:

- Eliminating unnecessary inefficiency, manage demand, waste and expenditure;
- Minimise environmental impacts of the goods and service over the whole of life cycle;
- Contributing to the combined purchasing power of local government to further stimulate demand for sustainable products;
- Increasing awareness about the range and quality of sustainable products available;
- Delivering its commitments in relation to environmental and social objectives;

Revision 1

Temora Shire Council

Policy Number: G3

- Playing a leadership role in advancing long term social and environmental sustainability;
- Supporting local businesses and organisations.

3.6 DISPOSAL OF ASSETS

The disposal of plant, equipment and goods must be carried out in a manner consistent with relevant Council policies and procedures, providing maximum benefit to Council.

3.7 SOLE SOURCE OF SUPPLY

Where a purchasing requirement is of a specific nature that can only be reasonably obtained from one supplier, procurement may be permitted without undertaking a quotation process where:

- There is a genuine need for a proprietary product to ensure compatibility with existing equipment and there is a sole source of supply for the proprietary product;
- A genuine emergency arises that seriously threatens employees, customers, assets or corporate reputation;
- An urgent and important operational need where the welfare of customers or employees faces an impending and serious threat; or,
- There is a need for unique intellectual property or expertise that is available from only one supplier.

This approach may only be used for non-complex, low risk procurements with a value under the tendering threshold. Using a sole source of supply is only permitted under circumstances where Council is satisfied and can provide evidence that there is only one source of supply for those goods, services or works.

11.4 MODEL CODE OF CONDUCT**File Number:** REP20/1004**Author:** Executive Assistant**Authoriser:** General Manager**Attachments:**

1. **Model Code of Conduct**  
2. **Procedures**  

REPORT

In August 2020, the Model Code of Conduct, Procedures for the administration of the Model Code of Conduct were introduced.

The new documents are required to be adopted by Council as soon as possible.

A summary of the changes are as follows.

Summary of amendments to the Procedures**Disciplinary Action**

In the amended Procedures Councils have the following options when taking disciplinary action against Councillors for breaches of their codes of conduct under the new Procedures:

1. That a Councillor be formally censured for the breach under section 440G of the Local Government Act 1993 (the Act), or
2. That a Councillor be formally censured for a breach under section 440G and the matter referred to the OLG for further disciplinary action under the misconduct provisions of the Act.

Censuring

The process for censuring Councillors for breaches of the code of conduct has been significantly strengthened to ensure Councillors are made publicly accountable to their electors for their conduct.

Training/Counselling

Councillors may seek to avoid public censure for breaches of the code of conduct by voluntarily agreeing to undergo training or counselling, to apologise for their conduct or to give undertakings not to repeat their conduct before the investigator finalises their report to the Council.

Evidence

Investigators are required to consult with OLG before recommending the referral of matters to ensure the conduct in question is sufficiently serious to warrant disciplinary action for misconduct and that there is sufficient evidence of the breach to allow OLG to take further disciplinary action.

Other amendments to the Procedures are to:

1. Allow panels of conduct reviewers to be appointed without a resolution of the Council, and
2. Allow the referral of investigators' reports to OLG for action under the misconduct provisions of the Act where the Council will not have a quorum to deal with the matter.

Summary of amendments to the Model Code

Minor amendments have been made to the Model Code, mainly in relation to gifts and benefits in response to feedback from some Councils.

Gifts

The amendments to the gifts and benefits provisions:

1. Lift the \$50 cap on the value of gifts that may be accepted to \$100
2. Clarify that items with a value of \$10 or less are not “gifts or benefits” for the purposes of the Model Code and do not need to be disclosed.
3. Clarify that benefits and facilities provided by Councils (as opposed to third parties) to staff and Councillors are not “gifts or benefits” for the purposes of the Model Code, and
4. Remove the cap on the value of meals and refreshments that may be accepted by Council officials in conjunction with the performance of their official duties.

It is open to Councils to retain the existing \$50 cap or to impose another cap that is lower than \$100.

Other amendments to the Model Code are to:

1. Remove as a breach, failure to comply with a Council resolution requiring action in relation to a code of conduct breach (because it is now redundant)
2. Update the language used to describe the various heads of discrimination in clause 3.6 to reflect more contemporary standards
3. Include in the definition of Council Committee and Council Committee members, members of audit, risk, and improvement committees (ARICs) in anticipation of the commencement of the requirement for all Councils to appoint an ARIC following the next local Government elections.

A copy of the documents is attached.

RECOMMENDATION

It is recommended that the Model Code of Conduct and associated procedures be adopted.

PART 1 INTRODUCTION

This *Model Code of Conduct for Local Councils in NSW* ("the Model Code of Conduct") is made under section 440 of the *Local Government Act 1993* ("LGA") and the *Local Government (General) Regulation 2005* ("the Regulation").

The Model Code of Conduct sets the minimum standards of conduct for council officials. It is prescribed by regulation to assist council officials to:

- understand and comply with the standards of conduct that are expected of them
- enable them to fulfil their statutory duty to act honestly and exercise a reasonable degree of care and diligence (section 439)
- act in a way that enhances public confidence in local government.

Section 440 of the LGA requires every council (including county councils) and joint organisation to adopt a code of conduct that incorporates the provisions of the Model Code of Conduct. A council's or joint organisation's adopted code of conduct may also include provisions that supplement the Model Code of Conduct and that extend its application to persons that are not "council officials" for the purposes of the Model Code of Conduct (eg volunteers, contractors and members of wholly advisory committees).

A council's or joint organisation's adopted code of conduct has no effect to the extent that it is inconsistent with the Model Code of Conduct. However, a council's or joint organisation's adopted code of conduct may prescribe requirements that are more onerous than those prescribed in the Model Code of Conduct.

Councillors, administrators, members of staff of councils, delegates of councils, (including members of council committees that are delegates of a council) and any other person a council's adopted code of conduct applies to, must comply with the applicable provisions of their council's code of conduct. It is the personal responsibility of council officials to comply with the standards in the code and to regularly review their personal circumstances and conduct with this in mind.

Failure by a councillor to comply with the standards of conduct prescribed under this code constitutes misconduct for the purposes of the LGA. The LGA provides for a range of penalties that may be imposed on councillors for misconduct, including suspension or disqualification from civic office. A councillor who has been suspended on three or more occasions for misconduct is automatically disqualified from holding civic office for five years.

Failure by a member of staff to comply with a council's code of conduct may give rise to disciplinary action.

Note: References in the Model Code of Conduct to councils are also to be taken as references to county councils and joint organisations.

Note: In adopting the Model Code of Conduct, joint organisations should adapt it to substitute the terms "board" for "council", "chairperson" for "mayor", "voting representative" for "councillor" and "executive officer" for "general manager".

Note: In adopting the Model Code of Conduct, county councils should adapt it to substitute the term “chairperson” for “mayor” and “member” for “councillor”.

 - (i) an interest you have arising from the making by the council of a contract or agreement with your relative for, or in relation to, any of the following, but only if the proposed contract or agreement is similar in terms and conditions to such contracts and agreements as have been made, or as are proposed to be made, by the council in respect of similar matters with other residents of the area:

- (d) a person (other than a member of the senior staff of the council) who is a member of a committee of the council identified by the council as a committee whose members are designated persons because the functions of the committee involve the exercise of the council's functions (such as regulatory functions or contractual functions) that, in their exercise, could give rise to a conflict between the member's duty as a member of the committee and the member's private interest.

4.9 A designated person:

The person is not required to disclose the person's interest as an adviser.

- 4.31 A disclosure made at a meeting of a council or council committee must be recorded in the minutes of the meeting.
- 4.32 A general notice may be given to the general manager in writing by a councillor or a council committee member to the effect that the councillor or council

committee member, or the councillor's or council committee member's spouse, de facto partner or relative, is:

- (a) a member of, or in the employment of, a specified company or other body, or
- (b) a partner of, or in the employment of, a specified person.

Such a notice is, unless and until the notice is withdrawn or until the end of the term of the council in which it is given (whichever is the sooner), sufficient disclosure of the councillor's or council committee member's interest in a matter relating to the specified company, body or person that may be the subject of consideration by the council or council committee after the date of the notice.

- 4.33 A councillor or a council committee member is not prevented from being present at and taking part in a meeting at which a matter is being considered, or from voting on the matter, merely because the councillor or council committee member has an interest in the matter of a kind referred to in clause 4.6.
- 4.34 A person does not breach clauses 4.28 or 4.29 if the person did not know, and could not reasonably be expected to have known, that the matter under consideration at the meeting was a matter in which they had a pecuniary interest.
- 4.35 Despite clause 4.29, a councillor who has a pecuniary interest in a matter may participate in a decision to delegate consideration of the matter in question to another body or person.
- 4.36 Clause 4.29 does not apply to a councillor who has a pecuniary interest in a matter that is being considered at a meeting if:
 - (a) the matter is a proposal relating to:
 - (i) the making of a principal environmental planning instrument applying to the whole or a significant portion of the council's area, or
 - (ii) the amendment, alteration or repeal of an environmental planning instrument where the amendment, alteration or repeal applies to the whole or a significant portion of the council's area, and
 - (b) the pecuniary interest arises only because of an interest of the councillor in the councillor's principal place of residence or an interest of another person (whose interests are relevant under clause 4.3) in that person's principal place of residence, and
 - (c) the councillor made a special disclosure under clause 4.37 in relation to the interest before the commencement of the meeting.
- 4.37 A special disclosure of a pecuniary interest made for the purposes of clause 4.36(c) must:
 - (a) be in the form set out in schedule 3 of this code and contain the information required by that form, and
 - (b) be laid on the table at a meeting of the council as soon as practicable after the disclosure is made, and the information contained in the special disclosure is to be recorded in the minutes of the meeting.

- 4.38 The Minister for Local Government may, conditionally or unconditionally, allow a councillor or a council committee member who has a pecuniary interest in a matter with which the council is concerned to be present at a meeting of the council or committee, to take part in the consideration or discussion of the matter and to vote on the matter if the Minister is of the opinion:
- (a) that the number of councillors prevented from voting would be so great a proportion of the whole as to impede the transaction of business, or
 - (b) that it is in the interests of the electors for the area to do so.
- 4.39 A councillor or a council committee member with a pecuniary interest in a matter who is permitted to be present at a meeting of the council or committee, to take part in the consideration or discussion of the matter and to vote on the matter under clause 4.38, must still disclose the interest they have in the matter in accordance with clause 4.28.

PART 5 NON-PECUNIARY CONFLICTS OF INTERESTWhat is a non-pecuniary conflict of interest?

- 5.1 Non-pecuniary interests are private or personal interests a council official has that do not amount to a pecuniary interest as defined in clause 4.1 of this code. These commonly arise out of family or personal relationships, or out of involvement in sporting, social, religious or other cultural groups and associations, and may include an interest of a financial nature.
- 5.2 A non-pecuniary conflict of interest exists where a reasonable and informed person would perceive that you could be influenced by a private interest when carrying out your official functions in relation to a matter.
- 5.3 The personal or political views of a council official do not constitute a private interest for the purposes of clause 5.2.
- 5.4 Non-pecuniary conflicts of interest must be identified and appropriately managed to uphold community confidence in the probity of council decision-making. The onus is on you to identify any non-pecuniary conflict of interest you may have in matters that you deal with, to disclose the interest fully and in writing, and to take appropriate action to manage the conflict in accordance with this code.
- 5.5 When considering whether or not you have a non-pecuniary conflict of interest in a matter you are dealing with, it is always important to think about how others would view your situation.

Managing non-pecuniary conflicts of interest

- 5.6 Where you have a non-pecuniary conflict of interest in a matter for the purposes of clause 5.2, you must disclose the relevant private interest you have in relation to the matter fully and in writing as soon as practicable after becoming aware of the non-pecuniary conflict of interest and on each occasion on which the non-pecuniary conflict of interest arises in relation to the matter. In the case of members of council staff other than the general manager, such a disclosure is to be made to the staff member's manager. In the case of the general manager, such a disclosure is to be made to the mayor.
- 5.7 If a disclosure is made at a council or committee meeting, both the disclosure and the nature of the interest must be recorded in the minutes on each occasion on which the non-pecuniary conflict of interest arises. This disclosure constitutes disclosure in writing for the purposes of clause 5.6.
- 5.8 How you manage a non-pecuniary conflict of interest will depend on whether or not it is significant.
- 5.9 As a general rule, a non-pecuniary conflict of interest will be significant where it does not involve a pecuniary interest for the purposes of clause 4.1, but it involves:
 - a) a relationship between a council official and another person who is affected by a decision or a matter under consideration that is particularly

close, such as a current or former spouse or de facto partner, a relative for the purposes of clause 4.4 or another person from the council official's extended family that the council official has a close personal relationship with, or another person living in the same household

- b) other relationships with persons who are affected by a decision or a matter under consideration that are particularly close, such as friendships and business relationships. Closeness is defined by the nature of the friendship or business relationship, the frequency of contact and the duration of the friendship or relationship.
- c) an affiliation between the council official and an organisation (such as a sporting body, club, religious, cultural or charitable organisation, corporation or association) that is affected by a decision or a matter under consideration that is particularly strong. The strength of a council official's affiliation with an organisation is to be determined by the extent to which they actively participate in the management, administration or other activities of the organisation.
- d) membership, as the council's representative, of the board or management committee of an organisation that is affected by a decision or a matter under consideration, in circumstances where the interests of the council and the organisation are potentially in conflict in relation to the particular matter
- e) a financial interest (other than an interest of a type referred to in clause 4.6) that is not a pecuniary interest for the purposes of clause 4.1
- f) the conferral or loss of a personal benefit other than one conferred or lost as a member of the community or a broader class of people affected by a decision.

5.10 Significant non-pecuniary conflicts of interest must be managed in one of two ways:

- a) by not participating in consideration of, or decision making in relation to, the matter in which you have the significant non-pecuniary conflict of interest and the matter being allocated to another person for consideration or determination, or
- b) if the significant non-pecuniary conflict of interest arises in relation to a matter under consideration at a council or committee meeting, by managing the conflict of interest as if you had a pecuniary interest in the matter by complying with clauses 4.28 and 4.29.

5.11 If you determine that you have a non-pecuniary conflict of interest in a matter that is not significant and does not require further action, when disclosing the interest you must also explain in writing why you consider that the non-pecuniary conflict of interest is not significant and does not require further action in the circumstances.

5.12 If you are a member of staff of council other than the general manager, the decision on which option should be taken to manage a non-pecuniary conflict of interest must be made in consultation with and at the direction of your manager. In the case of the general manager, the decision on which option should be taken

to manage a non-pecuniary conflict of interest must be made in consultation with and at the direction of the mayor.

- 5.13 Despite clause 5.10(b), a councillor who has a significant non-pecuniary conflict of interest in a matter, may participate in a decision to delegate consideration of the matter in question to another body or person.
- 5.14 Council committee members are not required to declare and manage a non-pecuniary conflict of interest in accordance with the requirements of this Part where it arises from an interest they have as a person chosen to represent the community, or as a member of a non-profit organisation or other community or special interest group, if they have been appointed to represent the organisation or group on the council committee.

Political donations

- 5.15 Councillors should be aware that matters before council or committee meetings involving their political donors may also give rise to a non-pecuniary conflict of interest.
- 5.16 Where you are a councillor and have received or knowingly benefitted from a reportable political donation:
- a) made by a major political donor in the previous four years, and
 - b) the major political donor has a matter before council,
- you must declare a non-pecuniary conflict of interest in the matter, disclose the nature of the interest, and manage the conflict of interest as if you had a pecuniary interest in the matter by complying with clauses 4.28 and 4.29. A disclosure made under this clause must be recorded in the minutes of the meeting.
- 5.17 For the purposes of this Part:
- a) a “reportable political donation” has the same meaning as it has in section 6 of the *Electoral Funding Act 2018*
 - b) “major political donor” has the same meaning as it has in the *Electoral Funding Act 2018*.
- 5.18 Councillors should note that political donations that are not a “reportable political donation”, or political donations to a registered political party or group by which a councillor is endorsed, may still give rise to a non-pecuniary conflict of interest. Councillors should determine whether or not such conflicts are significant for the purposes of clause 5.9 and take the appropriate action to manage them.
- 5.19 Despite clause 5.16, a councillor who has received or knowingly benefitted from a reportable political donation of the kind referred to in that clause, may participate in a decision to delegate consideration of the matter in question to another body or person.

Loss of quorum as a result of compliance with this Part

- 5.20 A councillor who would otherwise be precluded from participating in the consideration of a matter under this Part because they have a non-pecuniary

conflict of interest in the matter is permitted to participate in consideration of the matter if:

- a) the matter is a proposal relating to:
 - i) the making of a principal environmental planning instrument applying to the whole or a significant portion of the council's area, or
 - ii) the amendment, alteration or repeal of an environmental planning instrument where the amendment, alteration or repeal applies to the whole or a significant portion of the council's area, and
- b) the non-pecuniary conflict of interest arises only because of an interest that a person has in that person's principal place of residence, and
- c) the councillor discloses the interest they have in the matter that would otherwise have precluded their participation in consideration of the matter under this Part in accordance with clause 5.6.

5.21 The Minister for Local Government may, conditionally or unconditionally, allow a councillor or a council committee member who is precluded under this Part from participating in the consideration of a matter to be present at a meeting of the council or committee, to take part in the consideration or discussion of the matter and to vote on the matter if the Minister is of the opinion:

- a) that the number of councillors prevented from voting would be so great a proportion of the whole as to impede the transaction of business, or
- b) that it is in the interests of the electors for the area to do so.

5.22 Where the Minister exempts a councillor or committee member from complying with a requirement under this Part under clause 5.21, the councillor or committee member must still disclose any interests they have in the matter the exemption applies to, in accordance with clause 5.6.

Other business or employment

5.23 The general manager must not engage, for remuneration, in private employment, contract work or other business outside the service of the council without the approval of the council.

5.24 A member of staff must not engage, for remuneration, in private employment, contract work or other business outside the service of the council that relates to the business of the council or that might conflict with the staff member's council duties unless they have notified the general manager in writing of the employment, work or business and the general manager has given their written approval for the staff member to engage in the employment, work or business.

5.25 The general manager may at any time prohibit a member of staff from engaging, for remuneration, in private employment, contract work or other business outside the service of the council that relates to the business of the council, or that might conflict with the staff member's council duties.

5.26 A member of staff must not engage, for remuneration, in private employment, contract work or other business outside the service of the council if prohibited from doing so.

 - c) require them to work while on council duty
 - d) discredit or disadvantage the council
 - e) pose, due to fatigue, a risk to their health or safety, or to the health and safety of their co-workers.

Personal dealings with council

- 5.28 You may have reason to deal with your council in your personal capacity (for example, as a ratepayer, recipient of a council service or applicant for a development consent granted by council). You must not expect or request preferential treatment in relation to any matter in which you have a private interest because of your position. You must avoid any action that could lead members of the public to believe that you are seeking preferential treatment.
- 5.29 You must undertake any personal dealings you have with the council in a manner that is consistent with the way other members of the community deal with the council. You must also ensure that you disclose and appropriately manage any conflict of interest you may have in any matter in accordance with the requirements of this code.

PART 6 PERSONAL BENEFIT

- 6.4 A gift or benefit is deemed to have been accepted by you for the purposes of this Part, where it is received by you or someone personally associated with you.

Gifts and benefits of token value

- 6.8 You may accept gifts and benefits of token value. Gifts and benefits of token value are one or more gifts or benefits received from a person or organisation over a 12-month period that, when aggregated, do not exceed a value of \$100. They include, but are not limited to:

“Cash-like gifts”

- 6.13 For the purposes of clause 6.5(e), “cash-like gifts” include, but are not limited to, gift vouchers, credit cards, debit cards with credit on them, prepayments such as phone or internet credit, lottery tickets, memberships or entitlements to discounts that are not available to the general public or a broad class of persons.

Improper and undue influence

- 6.14 You must not use your position to influence other council officials in the performance of their official functions to obtain a private benefit for yourself or for somebody else. A councillor will not be in breach of this clause where they seek to influence other council officials through the proper exercise of their role as prescribed under the LGA.

PART 4 HOW MAY CODE OF CONDUCT COMPLAINTS BE MADE?

What is a code of conduct complaint?

- 4.1 For the purpose of these procedures, a code of conduct complaint is a complaint that shows or tends to show conduct on the part of a council official in connection with their role as a council official or the exercise of their functions as a council official that would constitute a breach of the standards of conduct prescribed under the council's code of conduct if proven.
- 4.2 The following are not "code of conduct complaints" for the purposes of these procedures:
- a) complaints about the standard or level of service provided by the council or a council official

 - c) complaints about the policies or procedures of the council
 - d) complaints about the conduct of a council official arising from the exercise of their functions in good faith, whether or not involving error, that would not otherwise constitute a breach of the standards of conduct prescribed under the council's code of conduct.
- 4.3 Only code of conduct complaints are to be dealt with under these procedures. Complaints that do not satisfy the definition of a code of

conduct complaint are to be dealt with under the council's routine complaints management processes.

When must a code of conduct complaint be made?

- 4.4 A code of conduct complaint must be made within 3 months of the alleged conduct occurring or within three months of the complainant becoming aware of the alleged conduct.
- 4.5 A complaint made after 3 months may only be accepted if the general manager or their delegate, or, in the case of a complaint about the general manager, the mayor or their delegate, is satisfied that the allegations are serious and compelling grounds exist for the matter to be dealt with under the code of conduct.

- a) the complainant consents in writing to the disclosure, or

 - b) impeded or disrupted the effective administration by the council of its code of conduct, or
 - c) impeded or disrupted the effective functioning of the council.

- 5.51 The Office may, by notice in writing, amend or terminate a special complaints management arrangement at any time.
- 5.52 While a special complaints management arrangement is in force, an officer of the Office (the assessing OLG officer) must undertake the preliminary assessment of the code of conduct complaints specified in the arrangement in accordance with the requirements of Part 6 of these procedures.
- 5.53 Where, following a preliminary assessment, the assessing OLG officer determines that a code of conduct complaint warrants investigation by a conduct reviewer, the assessing OLG officer shall notify the complaints coordinator in writing of their determination and the reasons for their determination. The complaints coordinator must comply with the recommendation of the assessing OLG officer.

- 5.54 Prior to the expiry of a special complaints management arrangement, the Office may, at the request of the general manager, review the arrangement to determine whether it should be renewed or amended.
- 5.55 A special complaints management arrangement shall expire on the date specified in the arrangement unless renewed under clause 5.54.

PART 6 PRELIMINARY ASSESSMENT OF CODE OF CONDUCT COMPLAINTS ABOUT COUNCILLORS OR THE GENERAL MANAGER BY CONDUCT REVIEWERS

Referral of code of conduct complaints about councillors or the general manager to conduct reviewers

- 6.1 The complaints coordinator must refer all code of conduct complaints about councillors or the general manager that have not been referred to an external agency or declined or resolved by the general manager, mayor or their delegate and that have been referred to them under clauses 5.26 or 5.33, to a conduct reviewer within 21 days of receipt of the complaint by the general manager or the mayor.
- 6.2 For the purposes of clause 6.1, the complaints coordinator will refer a complaint to a conduct reviewer selected from:
- a) a panel of conduct reviewers established by the council, or
 - b) a panel of conduct reviewers established by an organisation approved by the Office.
- 6.3 In selecting a suitable conduct reviewer, the complaints coordinator may have regard to the qualifications and experience of members of the panel of conduct reviewers. Where the conduct reviewer is an incorporated or other entity, the complaints coordinator must also ensure that the person assigned to receive the referral on behalf of the entity meets the selection and eligibility criteria for conduct reviewers prescribed under Part 3 of these procedures.
- 6.4 A conduct reviewer must not accept the referral of a code of conduct complaint where:
- a) they have a conflict of interest in relation to the matter referred to them, or
 - b) a reasonable apprehension of bias arises in relation to their consideration of the matter, or
 - c) they or their employer has entered into one or more contracts with the council (other than contracts relating to the exercise of their functions as a conduct reviewer) in the 2 years preceding the referral, and they or their employer have received or expect to receive payments under the contract or contracts of a value that, when aggregated, exceeds \$100,000, or

- d) at the time of the referral, they or their employer are the council's legal service provider or are a member of a panel of legal service providers appointed by the council.
- 6.5 For the purposes of clause 6.4(a), a conduct reviewer will have a conflict of interest in a matter where a reasonable and informed person would perceive that they could be influenced by a private interest when carrying out their public duty (see clause 5.2 of the Model Code of Conduct).
- 6.6 For the purposes of clause 6.4(b), a reasonable apprehension of bias arises where a fair-minded observer might reasonably apprehend that the conduct reviewer might not bring an impartial and unprejudiced mind to the matter referred to the conduct reviewer.
- 6.7 Where the complaints coordinator refers a matter to a conduct reviewer, they will provide the conduct reviewer with a copy of the code of conduct complaint and any other information relevant to the matter held by the council, including any information about previous proven breaches and any information that would indicate that the alleged conduct forms part of an ongoing pattern of behaviour.
- 6.8 The complaints coordinator must notify the complainant in writing that the matter has been referred to a conduct reviewer, and advise which conduct reviewer the matter has been referred to.
- 6.9 Conduct reviewers must comply with these procedures in their consideration of matters that have been referred to them and exercise their functions in a diligent and timely manner.
- 6.10 The complaints coordinator may at any time terminate the referral of a matter to a conduct reviewer and refer the matter to another conduct reviewer where the complaints coordinator is satisfied that the conduct reviewer has failed to:
- a) comply with these procedures in their consideration of the matter, or
 - b) comply with a lawful and reasonable request by the complaints coordinator, or
 - c) exercise their functions in a timely or satisfactory manner.
- 6.11 Where the complaints coordinator terminates a referral to a conduct reviewer under clause 6.10, they must notify the complainant and any other affected person in writing of their decision and the reasons for it and advise them which conduct reviewer the matter has been referred to instead.

Preliminary assessment of code of conduct complaints about councillors or the general manager by a conduct reviewer

- 6.12 The conduct reviewer is to undertake a preliminary assessment of a complaint referred to them by the complaints coordinator for the purposes of determining how the complaint is to be managed.
- 6.13 The conduct reviewer may determine to do one or more of the following in relation to a complaint referred to them by the complaints coordinator:
- a) to take no action
 - b) to resolve the complaint by alternative and appropriate strategies such as, but not limited to, explanation, counselling, training, mediation, informal discussion, negotiation, a voluntary apology or an undertaking not to repeat the offending behaviour
 - c) to refer the matter back to the general manager or, in the case of a complaint about the general manager, the mayor, for resolution by alternative and appropriate strategies such as, but not limited to, explanation, counselling, training, mediation, informal discussion, negotiation, a voluntary apology or an undertaking not to repeat the offending behaviour
 - d) to refer the matter to an external agency
 - e) to investigate the matter.
- 6.14 In determining how to deal with a matter under clause 6.13, the conduct reviewer must have regard to the complaint assessment criteria prescribed under clause 6.31.
- 6.15 The conduct reviewer may make such enquiries the conduct reviewer considers to be reasonably necessary to determine what options to exercise under clause 6.13.
- 6.16 The conduct reviewer may request the complaints coordinator to provide such additional information the conduct reviewer considers to be reasonably necessary to determine what options to exercise in relation to the matter under clause 6.13. The complaints coordinator will, as far as is reasonably practicable, supply any information requested by the conduct reviewer.
- 6.17 The conduct reviewer must refer to the Office any complaints referred to them that should have been referred to the Office under clauses 5.20 and 5.27.
- 6.18 The conduct reviewer must determine to take no action on a complaint that is not a code of conduct complaint for the purposes of these procedures.
- 6.19 The resolution of a code of conduct complaint under clause 6.13, paragraphs (b) or (c) is not to be taken as a determination that there has been a breach of the council's code of conduct.

- 6.20 Where the conduct reviewer completes their preliminary assessment of a complaint by determining to exercise an option under clause 6.13, paragraphs (a), (b) or (c), they must provide the complainant with written notice of their determination and provide reasons for it, and this will finalise consideration of the matter under these procedures.
- 6.21 Where the conduct reviewer refers a complaint to an external agency, they must notify the complainant of the referral in writing unless they form the view, on the advice of the relevant agency, that it would not be appropriate for them to do so.
- 6.22 The conduct reviewer may only determine to investigate a matter where they are satisfied as to the following:
- a) that the complaint is a code of conduct complaint for the purposes of these procedures, and
 - b) that the alleged conduct is sufficiently serious to warrant the formal censure of a councillor under section 440G of the LGA or disciplinary action against the general manager under their contract of employment if it were to be proven, and
 - c) that the matter is one that could not or should not be resolved by alternative means.
- 6.23 In determining whether a matter is sufficiently serious to warrant formal censure of a councillor under section 440G of the LGA or disciplinary action against the general manager under their contract of employment, the conduct reviewer is to consider the following:
- a) the harm or cost that the alleged conduct has caused to any affected individuals and/or the council
 - b) the likely impact of the alleged conduct on the reputation of the council and public confidence in it
 - c) whether the alleged conduct was deliberate or undertaken with reckless intent or negligence
 - d) any previous proven breaches by the person whose alleged conduct is the subject of the complaint and/or whether the alleged conduct forms part of an ongoing pattern of behaviour.
- 6.24 The conduct reviewer must complete their preliminary assessment of the complaint within 28 days of referral of the matter to them by the complaints coordinator and notify the complaints coordinator in writing of the outcome of their assessment.
- 6.25 The conduct reviewer is not obliged to give prior notice to or to consult with any person before making a determination in relation to their preliminary assessment of a complaint, except as may be specifically required under these procedures.

Referral back to the general manager or mayor for resolution

- 6.26 Where the conduct reviewer determines to refer a matter back to the general manager or to the mayor to be resolved by alternative and

appropriate means, they must write to the general manager or, in the case of a complaint about the general manager, to the mayor, recommending the means by which the complaint may be resolved.

- 6.27 The conduct reviewer must consult with the general manager or mayor prior to referring a matter back to them under clause 6.13(c).
- 6.28 The general manager or mayor may decline to accept the conduct reviewer's recommendation. In such cases, the conduct reviewer may determine to deal with the complaint by other means under clause 6.13.
- 6.29 Where the conduct reviewer refers a matter back to the general manager or mayor under clause 6.13(c), the general manager or, in the case of a complaint about the general manager, the mayor, is responsible for implementing or overseeing the implementation of the conduct reviewer's recommendation.
- 6.30 Where the conduct reviewer refers a matter back to the general manager or mayor under clause 6.13(c), the general manager, or, in the case of a complaint about the general manager, the mayor, must advise the complainant in writing of the steps taken to implement the conduct reviewer's recommendation once these steps have been completed.

Complaints assessment criteria

- 6.31 In undertaking the preliminary assessment of a complaint, the conduct reviewer must have regard to the following considerations:
- a) whether the complaint is a code of conduct complaint for the purpose of these procedures
 - b) whether the complaint has been made in a timely manner in accordance with clause 4.4, and if not, whether the allegations are sufficiently serious for compelling grounds to exist for the matter to be dealt with under the council's code of conduct
 - c) whether the complaint is trivial, frivolous, vexatious or not made in good faith
 - d) whether the complaint discloses prima facie evidence of conduct that, if proven, would constitute a breach of the code of conduct
 - e) whether the complaint raises issues that would be more appropriately dealt with by an external agency
 - f) whether there is or was an alternative and satisfactory means of redress available in relation to the conduct complained of
 - g) whether the complaint is one that can be resolved by alternative and appropriate strategies such as, but not limited to, explanation, counselling, training, informal discussion, negotiation, a voluntary apology or an undertaking not to repeat the offending behaviour
 - h) whether the issue/s giving rise to the complaint have previously been addressed or resolved
 - i) any previous proven breaches of the council's code of conduct
 - j) whether the conduct complained of forms part of an ongoing pattern of behaviour

- k) whether there were mitigating circumstances giving rise to the conduct complained of
- l) the seriousness of the alleged conduct (having regard to the criteria specified in clause 6.23)
- m) the significance of the conduct or the impact of the conduct for the council
- n) how much time has passed since the alleged conduct occurred
- o) such other considerations that the conduct reviewer considers may be relevant to the assessment of the complaint.

PART 7 INVESTIGATIONS OF CODE OF CONDUCT COMPLAINTS ABOUT COUNCILLORS OR THE GENERAL MANAGER

What matters may a conduct reviewer investigate?

- 7.1 A conduct reviewer (hereafter referred to as an “investigator”) may investigate a code of conduct complaint that has been referred to them by the complaints coordinator and any matters related to or arising from that complaint.
- 7.2 Where an investigator identifies further separate possible breaches of the code of conduct that are not related to or do not arise from the code of conduct complaint that has been referred to them, they are to report the matters separately in writing to the general manager, or, in the case of alleged conduct on the part of the general manager, to the mayor.
- 7.3 The general manager or the mayor or their delegate is to deal with a matter reported to them by an investigator under clause 7.2 as if it were a new code of conduct complaint in accordance with these procedures.

How are investigations to be commenced?

- 7.4 The investigator must at the outset of their investigation provide a written notice of investigation to the respondent. The notice of investigation must:
 - a) disclose the substance of the allegations against the respondent, and
 - b) advise of the relevant provisions of the code of conduct that apply to the alleged conduct, and
 - c) advise of the process to be followed in investigating the matter, and
 - d) advise the respondent of the requirement to maintain confidentiality, and
 - e) invite the respondent to make a written submission in relation to the matter within a period of not less than 14 days specified by the investigator in the notice, and
 - f) provide the respondent the opportunity to address the investigator on the matter within such reasonable time specified in the notice.

- 7.5 The respondent may, within 7 days of receipt of the notice of investigation, request in writing that the investigator provide them with such further information they consider necessary to assist them to identify the substance of the allegation against them. An investigator will only be obliged to provide such information that the investigator considers reasonably necessary for the respondent to identify the substance of the allegation against them.
- 7.6 An investigator may at any time prior to issuing a draft report, issue an amended notice of investigation to the respondent in relation to the matter referred to them.
- 7.7 Where an investigator issues an amended notice of investigation, they must provide the respondent with a further opportunity to make a written submission in response to the amended notice of investigation within a period of not less than 14 days specified by the investigator in the amended notice.
- 7.8 The investigator must also, at the outset of their investigation, provide written notice of the investigation to the complainant, the complaints coordinator and the general manager, or in the case of a complaint about the general manager, to the complainant, the complaints coordinator and the mayor. The notice must:
- a) advise them of the matter the investigator is investigating, and
 - b) in the case of the notice to the complainant, advise them of the requirement to maintain confidentiality, and
 - c) invite the complainant to make a written submission in relation to the matter within a period of not less than 14 days specified by the investigator in the notice.

Written and oral submissions

- 7.9 Where the respondent or the complainant fails to make a written submission in relation to the matter within the period specified by the investigator in their notice of investigation or amended notice of investigation, the investigator may proceed to prepare their draft report without receiving such submissions.
- 7.10 The investigator may accept written submissions received outside the period specified in the notice of investigation or amended notice of investigation.
- 7.11 Prior to preparing a draft report, the investigator must give the respondent an opportunity to address the investigator on the matter being investigated. The respondent may do so in person or by telephone or other electronic means.
- 7.12 Where the respondent fails to accept the opportunity to address the investigator within the period specified by the investigator in the notice of

investigation, the investigator may proceed to prepare a draft report without hearing from the respondent.

- 7.13 Where the respondent accepts the opportunity to address the investigator in person, they may have a support person or legal adviser in attendance. The support person or legal adviser will act in an advisory or support role to the respondent only. They must not speak on behalf of the respondent or otherwise interfere with or disrupt proceedings.
- 7.14 The investigator must consider all written and oral submissions made to them in relation to the matter.

How are investigations to be conducted?

- 7.15 Investigations are to be undertaken without undue delay.
- 7.16 Investigations are to be undertaken in the absence of the public and in confidence.
- 7.17 Investigators must make any such enquiries that may be reasonably necessary to establish the facts of the matter.
- 7.18 Investigators may seek such advice or expert guidance that may be reasonably necessary to assist them with their investigation or the conduct of their investigation.
- 7.19 An investigator may request that the complaints coordinator provide such further information that the investigator considers may be reasonably necessary for them to establish the facts of the matter. The complaints coordinator will, as far as is reasonably practicable, provide the information requested by the investigator.

Referral or resolution of a matter after the commencement of an investigation

- 7.20 At any time after an investigator has issued a notice of investigation and before they have issued their final report, an investigator may determine to:
- a) resolve the matter by alternative and appropriate strategies such as, but not limited to, explanation, counselling, training, mediation, informal discussion, negotiation, a voluntary apology or an undertaking not to repeat the offending behaviour, or
 - b) refer the matter to the general manager, or, in the case of a complaint about the general manager, to the mayor, for resolution by alternative and appropriate strategies such as, but not limited to, explanation, counselling, training, mediation, informal discussion, negotiation, a voluntary apology or an undertaking not to repeat the offending behaviour, or
 - c) refer the matter to an external agency.

- 7.21 Where an investigator determines to exercise any of the options under clause 7.20 after the commencement of an investigation, they must do so in accordance with the requirements of Part 6 of these procedures relating to the exercise of these options at the preliminary assessment stage.
- 7.22 The resolution of a code of conduct complaint under clause 7.20, paragraphs (a) or (b) is not to be taken as a determination that there has been a breach of the council's code of conduct.
- 7.23 Where an investigator determines to exercise any of the options under clause 7.20 after the commencement of an investigation, they may by written notice to the respondent, the complainant, the complaints coordinator and the general manager, or in the case of a complaint about the general manager, to the respondent, the complainant, the complaints coordinator and the mayor, discontinue their investigation of the matter.
- 7.24 Where the investigator discontinues their investigation of a matter under clause 7.23, this shall finalise the consideration of the matter under these procedures.
- 7.25 An investigator is not obliged to give prior notice to or to consult with any person before making a determination to exercise any of the options under clause 7.20 or to discontinue their investigation except as may be specifically required under these procedures.

Draft investigation reports

- 7.26 When an investigator has completed their enquiries and considered any written or oral submissions made to them in relation to a matter, they must prepare a draft of their proposed report.
- 7.27 The investigator must provide their draft report to the respondent and invite them to make a written submission in relation to it within a period of not less than 14 days specified by the investigator.
- 7.28 Where the investigator proposes to make adverse comment about any other person (an affected person) in their report, they must also provide the affected person with relevant extracts of their draft report containing such comment and invite the affected person to make a written submission in relation to it within a period of not less than 14 days specified by the investigator.
- 7.29 The investigator must consider written submissions received in relation to the draft report prior to finalising their report in relation to the matter.
- 7.30 The investigator may, after consideration of all written submissions received in relation to their draft report, make further enquiries into the matter. If, as a result of making further enquiries, the investigator makes any material change to their proposed report that makes new adverse comment about the respondent or an affected person, they must provide

the respondent or affected person as the case may be with a further opportunity to make a written submission in relation to the new adverse comment.

- 7.31 Where the respondent or an affected person fails to make a written submission in relation to the draft report within the period specified by the investigator, the investigator may proceed to prepare and issue their final report without receiving such submissions.
- 7.32 The investigator may accept written submissions in relation to the draft report received outside the period specified by the investigator at any time prior to issuing their final report.

- 7.33 Where an investigator issues a notice of investigation, they must prepare a final report in relation to the matter unless the investigation is discontinued under clause 7.23.
- 7.34 An investigator must not prepare a final report in relation to the matter at any time before they have finalised their consideration of the matter in accordance with the requirements of these procedures.
- 7.35 The investigator's final report must:
- a) make findings of fact in relation to the matter investigated, and,
 - b) make a determination that the conduct investigated either,
 - i. constitutes a breach of the code of conduct, or
 - ii. does not constitute a breach of the code of conduct, and
 - c) provide reasons for the determination.
- 7.36 At a minimum, the investigator's final report must contain the following information:
- a) a description of the allegations against the respondent
 - b) the relevant provisions of the code of conduct that apply to the alleged conduct investigated
 - c) a statement of reasons as to why the matter warranted investigation (having regard to the criteria specified in clause 6.23)
 - d) a statement of reasons as to why the matter was one that could not or should not be resolved by alternative means
 - e) a description of any attempts made to resolve the matter by use of alternative means
 - f) the steps taken to investigate the matter
 - g) the facts of the matter
 - h) the investigator's findings in relation to the facts of the matter and the reasons for those findings
 - i) the investigator's determination and the reasons for that determination
 - j) any recommendations.

- 7.37 Where the investigator determines that the conduct investigated constitutes a breach of the code of conduct, the investigator may recommend:
- a) in the case of a breach by the general manager, that disciplinary action be taken under the general manager's contract of employment for the breach, or
 - b) in the case of a breach by a councillor, that the councillor be formally censured for the breach under section 440G of the LGA, or
 - c) in the case of a breach by a councillor, that the council resolves as follows:
 - i. that the councillor be formally censured for the breach under section 440G of the LGA, and
 - ii. that the matter be referred to the Office for further action under the misconduct provisions of the LGA.
- 7.38 Where the investigator proposes to make a recommendation under clause 7.37(c), the investigator must first consult with the Office on their proposed findings, determination and recommendation prior to finalising their report, and must take any comments by the Office into consideration when finalising their report.
- 7.39 Where the investigator has determined that there has been a breach of the code of conduct, the investigator may, in addition to making a recommendation under clause 7.37, recommend that the council revise any of its policies, practices or procedures.
- 7.40 Where the investigator determines that the conduct investigated does not constitute a breach of the code of conduct, the investigator may recommend:
- a) that the council revise any of its policies, practices or procedures
 - b) that a person or persons undertake any training or other education.
- 7.41 The investigator must provide a copy of their report to the complaints coordinator and the respondent.
- 7.42 At the time the investigator provides a copy of their report to the complaints coordinator and the respondent, the investigator must provide the complainant with a written statement containing the following information:
- a) the investigator's findings in relation to the facts of the matter and the reasons for those findings
 - b) the investigator's determination and the reasons for that determination
 - c) any recommendations, and
 - d) such other additional information that the investigator considers may be relevant.

- 7.43 Where the investigator has determined that there has not been a breach of the code of conduct, the complaints coordinator must provide a copy of the investigator's report to the general manager or, where the report relates to the general manager's conduct, to the mayor, and this will finalise consideration of the matter under these procedures.
- 7.44 Where the investigator has determined that there has been a breach of the code of conduct and makes a recommendation under clause 7.37, the complaints coordinator must, where practicable, arrange for the investigator's report to be reported to the next ordinary council meeting for the council's consideration, unless the meeting is to be held within the 4 weeks prior to an ordinary local government election, in which case the report must be reported to the first ordinary council meeting following the election.
- 7.45 Where it is apparent to the complaints coordinator that the council will not be able to form a quorum to consider the investigator's report, the complaints coordinator must refer the investigator's report to the Office for its consideration instead of reporting it to the council under clause 7.44.

Consideration of the final investigation report by council

- 7.46 The role of the council in relation to a final investigation report is to impose a sanction if the investigator has determined that there has been a breach of the code of conduct and has made a recommendation in their final report under clause 7.37.
- 7.47 The council is to close its meeting to the public to consider the final investigation report in cases where it is permitted to do so under section 10A of the LGA.
- 7.48 Where the complainant is a councillor, they must absent themselves from the meeting and take no part in any discussion or voting on the matter. The complainant councillor may absent themselves without making any disclosure of interest in relation to the matter unless otherwise required to do so under the code of conduct.
- 7.49 Prior to imposing a sanction, the council must provide the respondent with an opportunity to make a submission to the council. A submission may be made orally or in writing. The respondent is to confine their submission to addressing the investigator's recommendation.
- 7.50 Once the respondent has made their submission they must absent themselves from the meeting and, where they are a councillor, take no part in any discussion or voting on the matter.
- 7.51 The council must not invite submissions from other persons for the purpose of seeking to rehear evidence previously considered by the investigator.

- 7.52 Prior to imposing a sanction, the council may by resolution:
- a) request that the investigator make additional enquiries and/or provide additional information to it in a supplementary report, or
 - b) seek an opinion from the Office in relation to the report.
- 7.53 The council may, by resolution, defer further consideration of the matter pending the receipt of a supplementary report from the investigator or an opinion from the Office.
- 7.54 The investigator may make additional enquiries for the purpose of preparing a supplementary report.
- 7.55 Where the investigator prepares a supplementary report, they must provide copies to the complaints coordinator who shall provide a copy each to the council and the respondent.
- 7.56 The investigator is not obliged to notify or consult with any person prior to submitting the supplementary report to the complaints coordinator.
- 7.57 The council is only required to provide the respondent a further opportunity to make an oral or written submission on a supplementary report if the supplementary report contains new information that is adverse to them.
- 7.58 A council may by resolution impose one of the following sanctions on a respondent:
- a) in the case of a breach by the general manager, that disciplinary action be taken under the general manager's contract of employment for the breach, or
 - b) in the case of a breach by a councillor, that the councillor be formally censured for the breach under section 440G of the LGA, or
 - c) in the case of a breach by a councillor:
 - i. that the councillor be formally censured for the breach under section 440G of the LGA, and
 - ii. that the matter be referred to the Office for further action under the misconduct provisions of the LGA.
- 7.59 Where the council censures a councillor under section 440G of the LGA, the council must specify in the censure resolution the grounds on which it is satisfied that the councillor should be censured by disclosing in the resolution, the investigator's findings and determination and/or such other grounds that the council considers may be relevant or appropriate.
- 7.60 The council is not obliged to adopt the investigator's recommendation. Where the council proposes not to adopt the investigator's recommendation, the council must resolve not to adopt the recommendation and state in its resolution the reasons for its decision.

- 7.61 Where the council resolves not to adopt the investigator's recommendation, the complaints coordinator must notify the Office of the council's decision and the reasons for it.

- 8.12 A review under clause 8.11 may be sought on the following grounds:
- a) that the investigator has failed to comply with a requirement under these procedures, or

PART 9 PROCEDURAL IRREGULARITIES

- 9.1 A failure to comply with these procedures does not, on its own, constitute a breach of the code of conduct, except as may be otherwise specifically provided under the code of conduct.

 - a) the non-compliance is isolated and/or minor in nature, or

12 ENGINEERING SERVICES

12.1 SPRINGDALE SPEED ZONE

Authoriser: Engineering Technical Manager
Attachments: 1. Letter from TfNSW  

REPORT

Following the previous report to Council meeting on the 16th July 2020 regarding the Springdale Speed Zone Council is in receipt of further correspondence as attached.

Formal review and approval by the Deputy Secretary of TfNSW for this change is yet to be undertaken and can take up to 3 months at minimum for this to occur.

In summary the new proposal following correspondence sent from Councils Engineering Department to TfNSW following the July Council meeting is for Springdale to remain at 60km/h but this speed zone be extended to the current 80km/h signs. This is due to TfNSW no longer approving transition speed zones, thus the speed through Springdale will be 60km/h like seen at other localities like Stockinbingal, Harden, Binalong and Ardlethan on Burley Griffin Way.

RECOMMENDATION

It is recommended that the report and associated correspondence from TfNSW be noted.

Dear Mr Lavelle

Speed limit review – Burley Griffin Way, Springdale

You may be aware Transport for NSW (TfNSW) recently carried out a speed zone review on Burley Griffin Way, Springdale, following the creation of a new Driver Reviver site at this location. TfNSW determined the speed limit should be reduced to increase safety at the new Driver Reviver site and because of the high volume of traffic and turning vehicles at this location.

However, TfNSW was recently made aware of some opposition to the proposed speed limit reduction at Springdale by members of the community and Council.

We have reviewed our recommendation against the NSW Speed Zoning Guidelines, taking into account crash history, road geometry, road usage, adjacent development, traffic mix, traffic volumes and the number of access points, and have determined it is possible for this section of road to remain as 60km/h within the limits of the guidelines.

As such, TfNSW intends to retain the 60km/h speed limit on Burley Griffin Way at Springdale, however we will extend it to include the very short 80km/h zones that are currently in place. I understand this has been discussed with Rob Fisher at Council who is supportive of this approach.

If you have further any queries regarding this, I would be pleased to take your call on 02 6923 6550.

13.1 MODIFICATION DEVELOPMENT APPLICATION 129-131 HOSKINS STREET

File Number: REP20/1001

Author: Town Planner

Authoriser: Director of Environmental Services

Attachments: 1. Modification request and submission [↓](#) 

REPORT

Background

Council has received correspondence from the owner of BASE cycle studio, located at 129-131 Hoskins Street, requesting a modification to one of the conditions of consent that apply to the business, specifically Condition 31. Hours of Operation.

The business has operated since January 2018, when development consent (DA71/2017) was approved by Council to operate as a gym, originally from the rear commercial shed, with the original hours of operation being 6:00am – 8:00pm Monday to Friday, 8:00am – 8:00pm Saturday and at no time on a Sunday or public holiday.

The consent was modified, with the approval of Council officers, on 12 July 2018, with the business opening 30 minutes earlier on weekdays to the current opening hours of 5:30am – 8:00pm Monday to Friday, 8:00am – 8:00pm Saturday and at no time on a Sunday or public holiday. Addition conditions restricted any early outdoor running associated with the gym to along Hoskins Street only and new entrance from Hoskins Street.

A further development consent (DA48/2018) was issued on 2 August 2018 to permit the use of the units fronting Hoskins Street (Shops 3 and 4) to be used for physiotherapy, pilates and cycle studio. This consent has the operating hours of 5:00am – 8:30pm Monday to Friday, 6:00am – 6:00pm on Saturday, 9:00am – 5:00pm on Sunday and at no time on a public holiday.

Since this consent was issued, the business has changed to a new owner, commencing in January 2020.

Proposed modification

The new owner has requested that Council consider a modification to DA71/2017 relating to opening hours. The requested new opening hours are:

5:30am – 8:00pm Monday to Friday, 7:00am – 8:00pm Saturday and 9:00am – 11:00am Sunday and at no time on a public holiday.

The applicant has advised that there is demand for increased operating hours due to COVID-19 restrictions and the square metre rule currently imposed on gyms. The applicant has advised that the earlier classes are the most popular, usually booked out two weeks in advance. With the ability to operate from 7:00am, the facility would be able to offer two early morning classes 7:00am – 8:00am and 8:00am – 9:00am on Saturdays in order to meet demand.

The applicant has advised that improvements to the rear building to lower impact on adjoining properties are currently underway. These are:

- Sheeting and insulating all inside walls
- Sheeting and installing acoustic tiles in the ceiling to reduce sound

- Installing air conditioning and fans so that the rear garage door does not need to be opened

Consultation

Adjoining property owners have been contacted about the proposed changes to operating hours.

One response was received objecting to the proposed earlier operating time on a Saturday. The basis for the objection was that the owner is seeking an expansion of the business and that commencing classes at 8:00am is adequate to meet class demand. The proposal to allow Sunday operating of 9:00am – 11:00am had no objection.

Discussion

At the time when Council determined the original proposal for the gym, Council considered similar issues relating to noise and hours of operation.

The site is located within the Local Centre Zone, which is intended to support commercial land uses. It is in the interests of the community for Council to support local businesses, whilst managing adverse impacts upon others that may be considered unreasonable.

The owner has commenced a range of measures to mitigate noise transfer to adjoining residential properties, namely the acoustic tiles, insulation, air conditioning and fans, as well as keeping the garage door closed. This is an improvement on the existing situation for this building.

The business owner has provided a written commitment to manage the impact of the proposed earlier opening hours through the noise mitigation measures. It is therefore considered appropriate that the owner be able to demonstrate that through the provision of these measures, that the business will not cause an adverse impact to adjoining residents.

It is appropriate that the noise mitigation measures be completed prior to the additional opening hours commencing, and that the situation be monitored by Council and adjoining residents for a period of three months. Council will receive any feedback during this timeframe and investigate any concerns raised.

RECOMMENDATION

It is recommended that Council:

1. Approve the modification of DA71/2017 Condition 31. To read:
The hours of operation of the premises shall be 5:30am – 8:00pm Monday to Friday, 7:00am – 8:00pm Saturday, 9:00am – 11:00am Sunday and at no time on a public holiday.
2. Insert new Condition 43. The applicant shall install noise mitigation infrastructure of acoustic tiles, insulation, air conditioning and fans to the satisfaction of Council. The applicant must receive written agreement from Council of the completion of these works prior to extending the operating hours of the premises.
3. Condition 18, which states that “The existing shed roller door shall be closed during classes held prior to 8:00am and after 6:30pm” shall continue to be enforced.
4. Once the extended operating hours have commenced, the situation shall be monitored by Council and adjoining residents for a period of three months. Council will receive any feedback during this timeframe and investigate any concerns raised.

5. Condition 34 shall apply to the applicant of this modification, which states that:
“Professional noise monitoring of the premises shall be undertaken, at the applicant’s expense if, once operations have commenced, a noise complaint is received and investigated by Council, and Council officers agree that additional noise mitigation measures are necessary to manage unacceptable levels of noise impact.”

**REQUEST FOR CHANGES TO THE DEVELOPMENT APPROVAL OF SITE U6/129
HOSKINS STREET**

To Whom it May Concern,

I am writing to request a change in the Development Approval for the site of Unit 6/129 Hoskins Street Temora, NSW, 2666.

I own and operate Base Cycle Studio, and have done since January 2020. During this time we have developed a reputation within the town as a great place to exercise, with our knowledgeable coaches and community feel. We are excited to be expanding our business into the new venue as this will allow for us to continue to offer the bikes, but also other classes. This is a real asset to our town, so that there is plenty of choice in terms of exercise.

As part of the current Development Approval for the new site, it does not allow Sunday trading. I am writing to request that this be changed so that we can trade on Sundays. Currently Sunday is one of our most popular days as we offer beginner classes and an express class. These are 9am and 9.45am respectively. The studio therefore opens relatively late.

We are also making improvements to the site to ensure that it is both a nicer place to exercise and has a lower impact on the neighbours. These changes will include:

- Sheeting and insulating all inside walls
- Sheeting and installing acoustic tiles in the ceiling to reduce sound
- Installing air conditioning and fans so that the garage door does not need to be opened

Therefore, we are making big improvements to the building, and providing excellent service to the citizens of Temora and surrounds. We are an asset to the town, and by providing our service every day we are ensuring that all members of the Temora community can have equal access to it.

I await your decision, but should you require further information, please do not hesitate to contact me.

Kind Regards,

To Whom it May Concern,

I am writing to request a change in the Development Approval for the site of Unit 6/129 Hoskins Street Temora, NSW, 2666.

Further to the letter requesting changes to J Sunday trading, I would like to request changes to Saturday trading. I would like to trade from 7am and classes would be over by midmorning.

Again, as outlined in the previous letter I am installing insulation and acoustic sound tiles which will reduce noise travelling outside the studio.

I await your decision, but should you require further information, please do not hesitate to contact me.

Kind Regards,

Attn: Kris Dunstan and Belinda Bushell
Environmental Services Department
Temora Shire Council

Thank you for your recent correspondence in regards to **BASE Cycle Studio DA 75/2017** proposed use of Unit 6/129 Hoskins Street, Temora and requested change of business operation hours.

In the email dated 28.8.2020, Belinda Bushell stated 'The reason for this request is due to COVID restrictions and the square metre rules imposed on gyms'. Neither of the two letters submitted by BASE Cycle Studio owner [REDACTED] made reference to COVID-19 restrictions as a reason for a request in change to the existing DA approval. We note that at their current premises, BASE Cycle Studio is operational and registered as a COVID Safe Business.

[REDACTED] request to relocate to Unit 6/129 Hoskins Street, is to enable the business to expand and offer additional Les Mills classes such as BODYPUMP and BODYSTEP. These classes have been advertised on their social media pages but were not specifically mentioned in the letter written by [REDACTED], only referred to as 'other classes'. Regardless, we expect these classes to be well received by the Temora community, which we understand will necessitate a larger class space and time slots to be added to their existing class schedule.

Current approved operating hours are Saturday 8am to 8pm and at no time on a Sunday or Public Holiday. We request that no changes are made to Saturday hours, we feel that 8am to 8pm on Saturday is adequate to meet class demand. We support an amendment to Sunday trading hours of 9am to 11am only. No change to Public Holiday trading.

In regards to noise mitigation requirements, we report that the steel wall located 2m from the boundary line which was insulated as a sound absorbing measure, no longer exists due to irreparable damage sustained during a storm. We acknowledge [REDACTED]'s efforts to make improvements to the site, including additional insulating of interior of gym space, acoustic tiles, air-conditioning/fans and commitment to ensuring the garage door remains closed.

13.2 DROUGHT COMMUNITIES PROGRAM - EVENTS PROJECTS**File Number:** REP20/1003**Author:** Town Planner**Authoriser:** Director of Environmental Services**Attachments:** 1. Responses from event organisers  **REPORT**

Councillors will recall that at the August Assets and Operations Committee Meeting, the Committee considered a report in relation to proposed events that were supported for funding under the Drought Communities Program.

As discussed within the report, current Covid-19 restrictions present difficulties with holding events in the short-medium term.

At the meeting, Committee recommended to Council to furnish information to Temora Local Health Advisory Committee, Aria Park Community Projects, Temora LHAC Reaching Out Sub Committee and Narraburra Church Social Group and ask for a response within 14 days as to whether they consider that they are still able to hold their proposed event and how they plan to carry that out in accordance with all relevant health regulations.

A response from each of the groups has now been received. In summary the responses are:

Group	Response	Budget implications
Temora Local Health Advisory Committee	<p>The Temora Hospital Expo/Open Day will be unable to proceed before 31 March 2021.</p> <p>It is intended that this event will occur in the future and advertising banners have been purchased.</p> <p>A small commemorative event for the International Year of the Nurse and Midwife has already been held.</p>	<p>The group has advised that they have expended \$1269.29 of their \$4,000 allocation, comprising the advertising banners (\$822.19) and purchase of commemorative plaque and tree (\$447.10).</p> <p>The group have offered to remaining funds of \$2,730.71 to be reallocated by Council.</p>
Ariah Park Community Projects	<p>Ariah Park Community Projects have decided not to proceed with the proposed drought tribute show prior to the 31 March 2021 deadline, due to the potential risks to the community, uncertainty regarding restrictions and the amount of resources required to meet the regulations</p>	<p>The group has advised that their allocated funding of \$7,000 be reallocated by Council.</p> <p>They have expressed their strong support for the funds to be used for another existing Ariah Park project, including Broken Dam Heritage Trail, Ariah Park swimming pool kiosk and change rooms upgrade and</p>

		improvements to the Aria Park Memorial Hall.
Temora LHAC Reaching Out Sub Committee	<p>The LHAC Reaching Out sub committee have advised that they will be unable to hold their proposed events as planned by the 31 March 2021.</p> <p>They have proposed to adapt their delivery of health information by providing a range of booklets, brochures and fridge magnets. This will involve distributing this information at locations frequently visited by local residents, such as local supermarkets.</p> <p>This approach is possible but would require the approval of a Covid-safe plan by Council prior to occurring.</p>	<p>The group has proposed that as their delivery of health information has changed, they request that \$3,000 of their allocated \$6,000 be used for the printing of local health services awareness information.</p> <p>The group has offered the remaining \$3,000 to be reallocated by Council.</p>
Narraburra Church Social Group	<p>The Narraburra Church Social group have advised they still intend to hold a modified event in March 2021.</p> <p>They have stated that they consider outdoor events can still occur in accordance with a Covid-safe plan for hospitality venues.</p> <p>If this category is accepted, the rules that currently apply are:</p> <p>Maximum of 10 people per booking or per table.</p> <p>Maximum of 10 people on a group entering or being on the premises.</p> <p>Alcohol can only be consumed by seated customers.</p> <p>Maximum of 300 people in the venue at any one time or one customer per 4 square metres, whichever is the lesser.</p>	The funding allocation for this event is \$2,000

Budget Implications

If all the requests are accepted by Council, \$12,730.71 may be reallocated to other projects.

Discussion

The Drought Communities grant program is flexible, as funding may be allocated to a particular project, however final costings to reach the \$1 million allocation to Council may be adjusted as some projects may be under budget and some projects may be over budget.

Careful monitoring of expenditure throughout the timeframe, through the use of purchase orders and allocation of project budget monitoring to specific Council officers will enable to full funding allocation to be expended without budget overruns.

Projects highlighted that require additional funding are:

Broken Dam Heritage Trail: The Committee has requested an additional \$2,920, on top of the \$10,000 allocated, to complete this project to a total length of 650m

Bundawarra centre upgrade: This project cannot be completed under the current funding allocation of \$97,095 and is being staged to complete works as the budget allows. Any additional funding will support the further completion of works

Water storage dam for Temora Golf Course: The extent of the dam to be constructed will depend on the initial cost of earthworks within the overall budget allocation of \$172,852. Any additional funding will support the further completion of works.

Ariah Park Memorial Hall: Additional projects have been identified by the management committee including improving stormwater management and front entrance improvements. Any additional funding will support the further completion of works.

Ariah Park swimming pool kiosk upgrade: The swimming pool committee have requested that Council consider funding the upgrade of the kiosk in conjunction with the current building project to upgrade the change rooms at the pool. Project cost estimate is \$25,000. Plans for the kiosk upgrade have already been completed in conjunction with the change room design.

RECOMMENDATION

It is recommended that Council:

1. Consider the responses received from the event organisers in relation to their proposed events
2. Determine the reallocation of funding to existing Drought Communities Program projects

Dear Gary,

Re: Drought Communities Program – Proposed Event Impacted By Covid-19

Temora LHAC is in receipt of Council's letter dated 21st August seeking comments and feedback in relation to funding allocated under the Federal Government's Drought Communities Programme.

Following a meeting of the LHAC executive we submit the following for Council's consideration:

1. The funding allocated was for the Temora & District Hospital Expo/Open Day. As suggested by Council's correspondence we agree that proceeding with this event before 31st March 2021 is sadly not possible under current restrictions.
2. However as this event will take place on a regular basis, perpetual advertising banners had already been purchased as part of the grant funding and therefore we request that Council give consideration to releasing funding to cover the cost; noting that the purchase was made locally as per grant requirements. (Invoice for \$822.19 attached)
3. Part of the Expo/Open Day event also included a commemoration of "The International Year of the Nurse and Midwife". Although the Expo/Open Day event had to be postponed, the Commemoration went ahead to ensure it was held during 2020. Again we request that Council give consideration to the cost of the Commemorative Plaque and Tree which was planted. (Quote for \$397.10 attached; the tree was an additional \$50.)

These costs were incurred within the Grant Funding application, and as such we ask that Council give consideration to releasing an amount of \$1269.29 to cover these outgoings.

Current Covid-19 restrictions will prevent us from holding this event prior to March 31st 2021 and as such the LHAC Executive acknowledges the need to release the balance of the \$4,000 allocated to support another community event..

Kind Regards

Dear Gary

Drought Communities Program – Proposed Events Impacted By COVID-19

Thank you for your letter of 21st August 2020.

We have decided not to go ahead with the event for which we were awarded funds under the Drought Communities Program.

The potential risks to our community, the uncertainty regarding restrictions and the amount of resource required to meet regulations, are all issues contributing to our decision.

Your letter mentions the re-allocation of the funds to other community projects.

We would strongly support the allocation of funds to another Ariaiah Park project. In particular, these projects will require additional funding, namely

- The Broken Dam Heritage Trail
- The renovation of the Ariaiah Park Swimming Pool kiosk
- The improvements to the exterior of the Ariaiah Park Memorial Hall.

We look forward to receiving your feedback regarding the re-allocation of these funds

Kind regards

Dear Gary

RE: DROUGHT COMMUNITIES PROGRAM- PROPOSED EVENTS IMPACTED ON BY COVID-19

Due to COVID-19 restrictions we understand our initial proposal cannot be fully funded or progress as planned, especially since proposed events must now be concluded by 31st March 2021. I am writing to you with regard of the amended changes to the way Temora LHAC's Reaching Out proposal will now be conducted. Our sub-committee are also requesting that we now we receive \$3000 instead of initial \$6000 as the program can no longer be rolled out as planned. This will enable us to proceed with Option one as outlined below and also permit the reallocation of our remaining funding to another worthwhile project.

Whilst the initial proposal involved partnership and collaboration with various groups, organisations in the small communities the primary LHAC aim was to disseminate information on local health services and support, highlight access points and empower local communities to be proactive in obtaining assistance at any level from early intervention to crisis management. Mental health was to have a strong focus.

At a LHAC meeting Reaching Out Sub-committee meeting Thursday 9th July, the consensus was to move forward with a suite of 3 options, with COVID-19 restrictions determining the limitations put on us. Ideally Temora LHAC would like to do all three but plan to start with Option one. More recent discussions have only confirmed our resolve to Reach Out by using Option one.

3 Options; (1) Disseminate information; Fridge Magnets

Temora LHAC Brochure

Medical Centre info

Direct Me booklets

Community Centre Health Directory

(2) Health Questionnaire and Health Check summary

(3) Health Checks and K5 Questionnaire

Restrictions have further tightened and this restricts the LHAC to the primary objective of disseminating information, regarding the pathways and access points for physical and mental health support and services readily available to individuals within the Temora Shire Council. The information would be contained on Fridge Magnets and small brochure which would be handed out by LHAC members and Health Provision people. At this stage, restrictions allowing, the information would be personally handed out when families were obtaining groceries from Woolworths or IGA.

This information is aimed at better health literacy not only in regards to crisis but also to positive action in prevention and early intervention which are regarded as a foundation of holistic wellbeing.

This initiative came about because of workshops and activities like Conversations on the Couch, surveys in similar communities (West Wyalong, Deniliquin) and the feedback from community members within Temora LHAC that the majority of citizens were; **(a)**- unaware of the range, the quality and scope of health services available in Temora. This restricts the prevention and early intervention of challenges to the health of our community. **(b)**- unaware of how to simply, quickly and efficiently access help in a crisis. **(c)**- unaware that it was possible to prevent or intervene before a crisis whilst living in a small rural and regional community.

The personal distributing of the information also provides a practical and visible display of the care and value we, the wider community and different levels of Government, have for individuals who make up our smaller communities and our nation. With your assistance, the LHAC aims to support our struggling grassroots communities on a face to face level, acknowledging the impact the drought has had on these communities but also to provide up to date information and assist in fostering a strong and healthy, physically and mentally, community. The Reaching Out committee is extremely mindful of Covid-19 restrictions and Council can be assured that social distancing, and other practices will be carried out per NSW Health guidelines without putting Temora residents at risk.

The Temora LHAC is a volunteer, not for profit committee which is strongly involved in health promotion and acts as a conduit between the community and Temora Health Service. We would like the Temora Shire Council to seriously consider funding our initiative \$3000.00 for the printing and production of the relevant information to be disseminated. Due to the restrictions imposed on us and the wider community in regards to COVID-19, Options two and three are currently not deliverable. The Temora LHAC believes the entire community collectively, should be committed to delivering Option one. Achieving this and moving forward depends on funding the material. The Temora LHAC sincerely thank both the Federal Government and Temora Shire Council for their initial and we hope ongoing support of the Reaching Out program.

Yours faithfully

Laurel West

Claire,
Our preference is to still hold a modified event in March 2021.

Based on our interpretation of the current rules...outdoor gatherings below 500 are still permitted, subject to the social distancing conventions we are all now very familiar with. We see our event as no different to a football match or a race meeting.

We will have a COVID safety plan, sign in/tickets all attendees, have the committee to act as COVID safety marshals, and requests that all attendees bring chairs for use when they are consuming alcohol, as per current rules in licenced premises (which our venue will effectively be for the day).

Our committee is keen to utilise our new facility and raise some much needed funds for its upkeep. As you would be aware, maintenance and fixed costs such as public liability insurance and electricity charges, don't stop all together. More importantly, we feel that our farming community needs this opportunity to socially re-connect and would appreciate if the funding offered was still available to help us stage this event in a modified capacity.

We look forward to your decision,

Regards
Kris Dunstan

REPORT

Christmas and Boxing Day holidays fall on Friday 25 & Saturday 26 this year. The Service NSW office will be closed on Friday 25 December 2020. Service NSW will also have their picnic day during the following week. Council has not been advised of which day currently.

It is proposed that for the period 25 December 2020 to 1 January 2021 inclusive, the Shire Office be closed, and reopen on Monday 4 January 2021.

All emergency personnel will be available and on call if required and arrangements will be made in regard to waste management operations over the closure period.

In addition, it should be noted that all indoor staff work many hours of unpaid overtime each year and, I believe that the closure of the office at this time would go some way towards compensating them for their efforts.

It should also be noted that the majority of Service NSW agencies & Council offices in the region close for this period.

NOTE: Council closed the office for a similar period over the last five years and received no complaints.

RECOMMENDATION

It is recommended that Council approves the closure of the office of the Christmas New Year period.

REPORT

Council will recall that at the August Council meeting Cr Wiencke raised as a matter of business without notice, the possibility of reducing the fees for the hire of the Temora Memorial Town Hall in an effort to increase the utilisation of the hall and also to assist community groups with their fundraising efforts post COVID-19.

Current hire fees for the Temora Memorial Town Hall are as follows:

Bar Hire	\$115
Coolroom (per day)	\$35
Entire Facility – 8 hrs (excl bar & kitchen)	\$360
Foyer only per hour	\$35
Hall only per hour	\$35
Kitchen only per hour	\$35
Stage only per hour	\$17
Supper Room only per hour	\$17

Recent data on the usage of the town hall is shown in the tables below. Usage data over recent years is atypical as a result of the renovations and the ongoing impact of COVID-19 restrictions. Over the four-year period shown, total income for the Temora Memorial Town Hall was \$32,349, with over one third of this amount (\$11,380) being waived by Council or related to usage by Council. Over the same time frame, average expenditure has been approximately \$138k annually, with insurance, utilities, cleaning, general maintenance, depreciation and overheads being the main contributors to cost.

1. Letter to Council [↓](#) 
2. Map [↓](#) **REPORT**

Earlier in the year Council was contacted by the Department of Finance in relation to a parcel of land at Gidginbung held by the Commonwealth of Australia (Lot 1 DP 91149). The parcel of land is no longer required by the Commonwealth and as Council manages the Crown Reserve adjoining this parcel of land, the Commonwealth would like to transfer this property to Council.

In February the Director of Administration & Finance advised the Commonwealth that Council would be happy to assume ownership of the land, provided there was no cost to Council.

The Crown Reserve is currently under an annual grazing lease to adjoining landholders. There is a Rural Fire Service Shed on the property which is fenced off from the remaining land and accessed from Taylors Lane.

The parcel currently owned by the Commonwealth is not fenced off from the Crown Reserve land. The Department of Finance is seeking final confirmation that Council is happy to assume ownership of this parcel of land in order to instigate the transfer process.

RECOMMENDATION

It is recommended that Council advise the Commonwealth Government that it is willing to assume ownership of the parcel of land, provided it is at no cost to Council.

And further

That upon transfer of ownership, the additional parcel be added to the annual grazing lease.

Dear Mr. Firth

**Commonwealth Land - Lot 1 DP91149 - Goldfields Way,
Gidginbung**

The Commonwealth Department of Finance (Finance) recently undertook an audit of all Commonwealth of Australia land holdings to discover that it retains ownership of a small parcel of land, Lot 1 DP91149 - Goldfields Way, Gidginbung (see map attached). A historic search indicates that this property was purchased on 26 June 1912 to establish a Post Office.

This property is adjacent to land owned by Temora Shire Council. We would like to ascertain Council's interest in the land, or otherwise, as the property is surplus to Commonwealth requirements.

We would like to hear from you. Please contact me, Bianca Campbell, on (02) 6215 1633 or Bianca.Campbell@finance.gov.au to discuss further.

SPONSORSHIP 2020 / 2021

At this stage the harness racing season in Temora is scheduled to commence on 6 October 2020. Our club has adopted a Covid-19 Safety plan provided by Harness Racing NSW. Our plan embodies all of the recommendations of NSW Health Dept and we are confident that our plan, along with regionalised racing, will provide a safe environment for our participants and our local community.

Our Club's annual Hot to Trot Carnival of Cups event will be held on 9 January 2021.

We understand that 2020 has provided an unprecedented set of challenges for business and sporting groups with the restrictions imposed by NSW Govt. to control the spread of Covid-19.

In order for our Carnival of Cups to go ahead on 9 January 2021, our Club is required to contribute \$ for \$ funding. For that reason, we do need to ask for your financial support once again. We depend on our valued sponsors such as yourself to raise the funds required.

We are hoping that you will be able to contribute the same level of sponsorship that you did last season. A tax invoice for that option is included for convenience. Payment of sponsorship would be appreciated by 30 November 2020.

Although the number of patrons on course will be limited at this time, fans will be able to watch our races on SKY racing at TAB venues or subscribers via Foxtel in the comfort of their home. We will continue to market our events and promote our sponsors through our social media platforms.

The dates for our race meetings this season are
Tuesday night 6 October 2020;
Tuesday night 8 December 2020;
Tuesday night 5 January 2021;
Saturday night 9 January 2021.

We hope that you are able to continue sponsorship this year to allow us to conduct a high-quality racing event and help promote Harness Racing in Temora.

REPORT

Council has received an event application from Cars & Coffee Sydney to hold the Coffee & Cars event at Temora Airport on Saturday 31st October, 2020 between 9am – 12pm and 2pm – 5pm. They have requested the following as in-kind assistance from Council:-

- Utilise Runways 05/23 for the purpose of a driving event on Saturday 31st October.
- Utilise Temora Aviation Museum on Sunday 1st November to display all vehicles with breakfast and coffee provided (Application through Temora Aviation Museum will be complete upon approval from Council).

RECOMMENDATION

It is recommended that Council consider the report.

08/09/2020

Gary Lavelle,
General Manager
Temora Shire Council
105 Loftus Street,
Temora NSW 2666

Dear Mr Lavelle,

I would like to start by saying thank you for the opportunity to submit this application and I truly hope that this is the beginning of a long and mutually beneficial relationship between Cars & Coffee and the Temora Shire.

Previously our events have been held over the course of a single day and within approximately 50 kilometres of Sydney CBD hence this event would be used to as a pilot event to assess various timing and operational aspects of how a future event of more scale (similar to our usual numbers of 150-200 cars) would operate and ultimately be most beneficial to Temora Shire.

Given the current COVID 19 situation we are wary of holding large scale events and as a result we believe this would be an ideal time to test an event of this nature with a more intimate group of approximately 20-40 cars where we could explore everything Temora has to offer over the course of the weekend as well as gain a better understanding of the most efficient way to run our day out on the runway.

Following my visit to Temora I truly believe that should our guests have the opportunity to visit the area they will frequent it more often and this event would become an annual occurrence that would attract people from not just Sydney but Melbourne, Brisbane and Adelaide. Our goal is to make this event into a three day weekend in which guests can will stay and experience Temora with the following schedule:

- Friday Midday – Guests depart Sydney on route to Temora
- Friday afternoon – Arrival into Temora and guests check into accommodation for the weekend
- Saturday – Runway event at Temora Airport held over two sessions with a break in between
- Sunday Morning – Cars & Coffee style display with locally sourced catering at Temora Aviation Museum and then depart Temora following this with our guests encouraged to explore Temora and its surrounds for the rest of the day before returning to Sydney

Cars & Coffee prides itself on maintaining an extremely high standard for each of our events and a testament to this is the various partners we have worked with over the last five years as well as the number of recurring guests we host at each of our events. That being said, an event of this nature is somewhat uncharted territory for our organisation and for the pilot event we will be trying to minimise overheads as much as possible as the number cars involved would be significantly less than that of a standard event and as a result I would like to enquire as to whether there could be a waiver of the airport hire fee for this event with the exception of the cost involved in having the airport safety officer on site for the day with the intention to reassess this when we can run an event of more scale and introduce our partners to the concept.

Once again, thank you for this opportunity and I look forward to hearing back from you soon.

Kind Regards,

Michael Grigorladis

**The Bundawarra Centre (Temora Rural Museum)
Annual Report 2019-2020**

Good Evening Ladies and Gentlemen,

Thank you for the opportunity to review a most memorable year, one which I am sure will be widely recalled as “the year of living cautiously”! It would however, be unfortunate if our necessary preoccupation with increasing our capacity to promote and preserve public health awareness among our volunteers and visitors, was allowed to overshadow our achievements over the past twelve months.

Foremost among these is the addition of our new tractor display shed. An already long felt need to provide better visitor access to our outstanding tractor collection was becoming more apparent with every generous addition to this “flagship” attraction of our agricultural collection. It is a fine testament to the management of the museum that we were not only able to fund the development from our own resources, but were able to engage local business in every aspect of its design and installation. Ever resourceful, our volunteers took the opportunity afforded by the closure of the museum to the public due to COVID 19, to safely relocate and reposition the trucks, tractors and machinery within the enlarged display space.

During the past year, we have added a Fordson Super Major, International W7 and International 624 to the collection, while Robert Maslin’s Titan tractor has also joined the exhibition.

The refurbishment of the former museum office which began this year, with the aim of creating a permanent textile exhibition gallery, will also add a significant new improvement to both our visitor and curatorial experience. Facilitating this project necessitated the creation of a dedicated Ambulance Uniform storage in the Telecom Building which, in combination with the clearing of the office space, occasioned a long overdue re-evaluation of collection items relegated to these stores.

Ongoing maintenance and development of the museum has included the relocation of the horseworks from in front of the Textile storeroom, installation of double glass doors at the rear of the main building, re-wiring of the new textile gallery and tractor restoration bay, addition of display furniture in the RFS shed, repair and repainting of the school doors, removal of the mulberry tree following the discovery of termite infestation and an upgrade to internet banking to streamline the financial affairs of the museum.

Ensuring that the museum continues to provide a safe, well equipped and enjoyable environment in which to volunteer, lies at the heart of all activity on the site. With this aim in mind, we upgraded the forklift and trained and licensed five additional volunteers as operators. We also purchased an industrial floor scrubber to facilitate cleaning of our larger exhibition floor spaces. Given the ever-increasing restrictions upon museum firearms exhibitions, we also resolved to divest ourselves of our modest holding and not renew our firearms museum permit.

The 47th Annual Live Exhibition proved a bitter-sweet experience in March. The development of a Ford feature parade brought “Leapin Lena” back to life in the last large community event in Temora before COVID 19 severely restricted social interaction. The event also provided the museum fellowship with the opportunity to recognise the wonderful contribution to the preservation of local and State heritage Eddie Sams had made by pioneering the development of the Temora Ambulance

Museum. In the presence of leading figures within the NSW and ACT Ambulance Services, the building was named in his honour.

Eddie's dedication and commitment to the aims of the museum mirrored that of so many past and present volunteers, their generous contributions always leaving Temora the poorer for their loss but the richer for their legacy.

Needless to say, visitation to the museum over the past twelve months has been severely impacted by the restrictions introduced to contain COVID 19, neatly halving the numbers of both events and visitors year on year. Within these totals, the greatest impact has been felt through the collapse in all group visitation categories, which ceased abruptly in mid-March and is only now beginning to resume.

That said, the Bundawarra Centre was only closed to the public for the minimum ten week period between 23rd March and 31st May with temporary Exhibitions resuming on 1st August. Prior to closure the Centre hosted four consecutive temporary exhibitions highlighted by what may well have been the final Bald Archy Prize. These displays have been complemented by a year-long special exhibition celebrating the 150th anniversary of the birth of Temora's "Queen of Irish Song", Marie Narelle.

Despite all of the peculiar circumstances for which 2020 will be remembered, the museum has continued to enjoy undiminished support from our volunteers, donors and the local community, underpinned by that of Temora Shire Council for whose ongoing generous interest we are ever grateful.

As we look forward to the year ahead, plans are well in hand for the installation of the bridge over our dam, the redesign of the Bundawarra Centre forecourt and refurbishment of the Visitor's Centre. We will also begin a modest management restructure to ensure that we can continue to meet Council's requirements to qualify as a Local Government Section 355 Community Committee.

I heartily congratulate our Chairman, Ken Hewett, the Museum Management Committee, and all of our volunteers upon the way in which we have risen to the challenges of the past year and worked together to advance our organisation, and I thank each of you, most sincerely, for your fellowship, friendship and support for me in my role as your museum manager.

MEDIA RELEASE

28 August 2020

**McCORMACK WELCOMES ONLINE MENTAL HEALTH
SUPPORT FOR SMALL BUSINESS**

Riverina and Central West small business owners and their staff have a new mental health service to turn to for help.

Member for Riverina and Deputy Prime Minister Michael McCormack said the Federal Government was investing an additional \$3.1 million to expand mental health and wellbeing services available through the *Ahead for Business* initiative to ensure small business owners and their staff could access support and resources.

“Like many other regions across Australia, the Riverina and Central West has been severely affected by a long drought and now the COVID-19 pandemic and these crises have taken their toll on hard-working small business operators and their most valuable asset – their staff,” Mr McCormack said.

“The Government has responded in many ways to help people cope with the financial and mental health challenges faced by the small business sector and I am pleased it is reaching out in another way through *Ahead for Business*.”

Hosted by mental health organisation **Everymind**, the digital hub offers small and family businesses resources including articles, videos, podcasts and toolkits.

Minister for Employment, Skills, Small and Family Business, Senator the Hon Michaelia Cash, said while the financial assistance the government had provided was essential, it was imperative to also provide mental health and wellbeing support for those working in small businesses.

“Being a small-business owner comes with a unique set of pressures and responsibilities such as isolation, financial stress and workload pressure,” Minister Cash said.

The Government is making record investments in mental health services and support with expenditure estimated to be \$5.2 billion this year alone.

Supporting mental health and suicide prevention remains one of the Government’s highest priorities.

Everymind Acting Director, Associate Professor Carmel Loughland said the Institute was proud to launch the new *Ahead for Business* digital hub.

"The *Ahead for Business* digital hub is part of a national strategy designed to support small business owners in every setting and empower them to prioritise their mental health and wellbeing," Associate Professor Loughland said.

"A healthy mind supports a healthy business."

Users of *Ahead for Business* will also be able to access anonymous peer-to-peer forums and an online wellbeing plan is among the range of supports available.
