Pricing Policy

Council intends to charge fees for the provision of all goods and services that it provides within legal constraints.

These fees will be charged to all Council's clients that avail themselves of Council's goods and services.

In the setting of the fees for its goods and services the Council is endeavouring to adopt a user-pays principle while being ever mindful of the capacity of the client to pay the fees being set. Accordingly, the fees set by Council in some cases will not recover the full cost of providing the goods and services.

The prices charged includes GST where GST is applicable to that charge. The list of fees and charges has been prepared based on assumptions made regarding the GST status of each fee and charge. Should the GST legislation or the interpretation of this legislation change, Council reserves the right to increase or decrease the amount of the fees stated, by the amount of the GST.

Certain charges included in the list of fees and charges are statutory charges set according to specific legislation and regulations. Council reserves the right to increase or decrease the amount of fees stated in line with any changes to these statutory charges.

The pricing methodology Council applies to the various fees is as follows (the pricing identifier (A, B, C, etc.)

- A. These items are priced at the figure stipulated by legislation as applicable to this activity.
- B. These items are priced at the maximum recommended by Local Government NSW.
- C. These items are priced to return a total cost recovery for the activities provided.
- D. These items are priced to cover the cost of the item plus normal commercial mark-ups.
- E. These items are priced below the cost of providing this activity as Council considers that full cost recovery would deprive the members of the Community of the ability to participate/enjoy these activities.

The applicable methodology appears beside the various fees shown in Council's list of fees and charges.
