58629		Public Recreation	Lot 267 DP 750587	05/03/1926

1 Introduction

1.1 What is a Plan of Management?

The *Local Government Act 1993* (the Act) requires a Plan of Management to be prepared for all public land that is classified as 'community' land under that Act.

A Plan of Management (PoM) is an important management tool, which is developed by council in consultation with the community. A PoM outlines the land's features, and clarifies how Council will manage, use or develop the land in the future. A PoM provides a transparent and co-ordinated approach to public land management.

Community land may include a wide variety of properties, ranging from small recreation reserves to iconic parks, and in some instances buildings.

Community land supports important aspects of community life, and is valued and appreciated by residents, workers, and visitors to the Temora Shire Local Government Area.

The Local Government Act 1993 requires that community land be categorised as; natural area, park, sportsground, area of cultural significance, or general community use.

A PoM can be prepared for more than one parcel of land (Generic or Geographic) or for a single property (Significant or Specific).

1.2 Need for this Plan of Management

Section 3.23 of the Crown Lands Management Act 2016, requires Councils to prepare a PoM for all Crown Land that Council manages on behalf of the Crown. This PoM has been prepared for all Generic Crown Reserve Land, not requiring a separate plan of management, that is managed by the Temora Shire Council on behalf of the Crown.

The *Local Government Act 1993* (the 'Act') requires all Council-owned land to be classified as either 'Community' land or 'Operational' land. Land classified as 'Community' land is to be managed and used in accordance with an adopted PoM.

The purpose of this PoM is to:

- contribute to Temora Shire Councils broader strategic goals and vision as set out in the Community Strategic Plan 2030;
- ensure compliance with the *Local Government Act 1993*;
- ensure compliance with the *Crown Land Management Act 2016*; and
- provide clarity in the future development, use and management of the community land.

1.3 Process of preparing Plans of Management

The process of preparing a Plan of Management will generally include consultations with stakeholders, and documents produced at each stage, are shown below:

Process of preparing a Plan of Management

1. Review of existing plans, policies and reports:
 - Temora Shire Community Strategic Plan 2030 (completed 2016)
 - Temora Local Environmental Plan 2010
 - Temora Shire Development Control Plan 2012
 - Temora Shire Local Strategic Planning Statement 2020
 - Temora Shire Resident Satisfaction Survey 2016
 - Temora Shire Crown Land Register
2. Prepare draft Plan of Management – Councils are required to seek Land-owners consent prior to public exhibition of the plan under s39 of the Local Government Act. Report to Council
3. Council Resolution
4. Public Exhibition – Written submissions to Council
5. Consider submissions – Report to Council
6. Prepare final plan of management
7. Adoption – Councils are required to seek the Minister’s written consent to adopt the draft PoM
8. Implementation

1.4 Community Consultation

Community consultation and input is important to ensure a Plan of Management meets the needs of the local community. It also encourages an appreciation of the Shires aims for management of public land.

Before Council can adopt a PoM, it must be placed on public exhibition for at least 28 days. The period in which written submissions can be received is not less than 42 days from the first day of public exhibition.

1.5 Contents of this Plan of Management

This Plan of Management is divided into the following sections, as outlined in Table 1.

Section	What does it Include?
1. Introduction	Background to the Plan of Management – what is a Plan of Management? The need for the Plan of Management, process of preparation, community consultation, contents
2. Land description and planning	Land covered by the PoM
3. Legislative framework	State government planning legislation, local planning context
4. Basis of Management	Categories of community land
5. Land uses	Permissible uses and developments, scale and intensity of use, use agreements, bookings and events
6. Leases, licences and other estates	Authorisation of leases, licences and other estates; short term vs. casual hire
7. Strategy and Action Plan	Objectives, performance targets, assessment of performance
8. Change and review of PoM	Process of reviewing and updating the PoM
9. Appendices	<p>A: contains a schedule of the Community land covered by this PoM.</p> <p>B: Detailed property sheets for each property listed in Appendix A. These detailed property information sheets include both the core information requirements under the Act, and additional information to facilitate the relationship between the Shire's overall strategies and its operational management.</p> <p>C: Maps of Land.</p>

Table 1 Structure of this Plan of Management

Requirements of the Local Government Act for Plans of Management are listed in Table 2.

Requirement of the Local Government Act	How this plan satisfies the Act
Categorisation of community land	Sections 3, 4 and Appendix B
Core objectives for management of the land	Section 4
A description of the condition of the land, and of any buildings or other improvements on the land as at the date of adoption of the Plan of Management	Appendix B
The purposes for which the land, and any such buildings or improvements, will be permitted to be used	Sections 5, 6
The purposes for which any further development of the land will be permitted, whether under lease or licence or otherwise	Sections 5, 6
A description of the scale and intensity of any such permitted use or development Section 5 Authorisation of leases, licences or other estates over community land	Section 6
Performance targets	Section 7
A means for assessing achievement of objectives and performance targets	Section 7

Table 2 Contents of a Plan of Management for Community Land

2. Land Description and Planning

2.1 Land covered by this Plan of Management

This generic PoM includes all Crown Land that is managed by Temora Shire Council on behalf of the Crown and that is categorised as either General Community Use or Parks and is not included within the Sportsgrounds and Parks Plan of Management, or managed by a separate stand alone plan of management.

Including these categorisations in a generic PoM ensures consistent management, which supports a cohesive approach to meeting the diverse needs of the community.

The Crown land covered by this Generic Plan of Management is identified in the schedule in Appendix A.

Property information sheets for each area of community land are in Appendix B.

Land Identification Maps are located in Appendix C.

2.2 *Why is Some Crown Land Missing from this PoM?*

Land that is not covered by this Generic PoM includes:

- Community land covered by specific PoMs;
- Crown land that is not a Reserve Trust;
- Public open spaces and recreation facility assets within the local government area (LGA) which are owned or managed by other entities;
- Road that has been physically closed;
- Privately owned land, which is made available for public use.

3. *Legislative Framework*

This section describes the legislative and policy framework applying to the land covered under this PoM.

3.1 *Crown Land Management Act 2016*

The Crown Land Management Act 2016 authorises councils to classify and manage its dedicated or reserved Crown land as if it were public land within the meaning of the Local Government Act 1993.

The purpose of this Plan of Management is to address the relevant statutory requirement of the Crown Land Management Act 2016. The principles of Crown land management are:

- a) that environmental protection principles be observed in relation to the management and administration of Crown land, and
- b) that the natural resources of Crown land (including water, soil, flora, fauna and scenic quality) be conserved wherever possible, and
- c) that public use and enjoyment of appropriate Crown land be encouraged, and
- d) that, where appropriate, multiple use of Crown land be encouraged, and
- e) that, where appropriate, Crown land should be used and managed in such a way that both the land and its resources are sustained in perpetuity, and
- f) that Crown land be occupied, used, sold, leased, licenses or otherwise dealt with in the best interest of the State consistent with the above principles.

3.2 *Local Government Act 1993*

Community land must be managed according to the provisions of the Local Government Act 1993 and the Local Government (General) Regulation 2021.

The Local Government Act 1993 requires all Council owned land to be classified as either Operational or Community land. Community land is defined as land that must be kept for the use of the general community, and must not be sold. Community land is required to be managed in accordance with a PoM (refer Table 3), and any other laws regulating the use of the land.

Requirement of the Local Government Act
• All community land must be categorised.
• The Plan must contain core objectives for management of the land.
• The Plan must include a description of the condition of the land, and of any buildings or other improvements on the land.
• The Plan must specify the purposes for which the land, and any such buildings or improvements, will be permitted to be used.
• The Plan must specify the purposes for which any further development of the land will be permitted, whether under lease or licence or otherwise.
• The Plan must describe the scale and intensity of any such permitted use or development.
• The Plan must include performance targets.
• The Plan must contain means for assessing achievement of objectives and performance targets
• Council must exhibit the draft Plan for 28 days and give at least 42 days for the making of submissions.
• Any amendments to a draft Plan must be publicly exhibited in the same way, until the Council can adopt the draft Plan without further amendment.
• A Council may only grant a lease, licence or other estate over community land if it is expressly authorised in a Plan of Management.

Table 3 Requirements of the Local Government Act for community land management

3.3 Native Title Act 1993

The Crown Land Management Act 2016 provides a regime for the management of Crown land and Council is responsible for compliance with Native Title legislation for the Crown land that it manages.

Council is required to undertake steps to identify what affect any activity that they undertake on Crown land will have on Native Title, what provisions of the Native Title Act will validate the activity and what procedures should be taken in relation to a particular activity prior to its commencement. Native Title Manager advice for each of the Crown Reserves is included in Appendix B Property information sheets.

3.4 Zoning and Planning Controls

The Environmental Planning and Assessment Act 1979 (EPA Act) establishes the statutory planning framework for environmental and land use planning in NSW.

Temora Shire Council has previously prepared and adopted a comprehensive Local Environmental Plan (LEP) known as the Temora Local Environmental Plan 2010 for the entire LGA. The LEP Identifies Crown Land managed by the Shire as one of or a combination of the

following land use zones (Refer to Appendix A):

- RU1 Primary Production;
- RU3 Forestry;
- RU5 Village;
- R1 General Residential;
- R5 Large Lot Residential;
- B2 Local Centre;
- B4 Mixed Use;
- B6 Enterprise Corridor;
- IN1 General Industrial;
- SP1 Special Activities;
- SP2 Infrastructure;
- RE1 Public Recreation;
- RE2 Private Recreation;
- C1 National Parks and Nature Reserves; and
- W2 Recreational Waterways zone.

Development or uses requiring a Development Application will be assessed under Section 4.15 of the Environmental Planning and Assessment Act 1979.

In summary, the possible impacts of the proposal will be considered in the light of all relevant planning controls and Council policies.

3.4 *Heritage*

The Shire has carried out a number of heritage studies, and recognises the heritage significance of items by their inclusion in its Local Environmental Plan.

The use and development of heritage items is then managed through a Development Control Plan.

The inclusion of heritage significant items within an LEP provides a strong framework to protect these assets. This PoM is intended to be consistent with the LEP framework, but to focus primarily on the nature and balance of use, management and care of the land as a whole.

In respect of Section 36D of the Local Government Act 1993, 'Community land comprising area of cultural significance' it is confirmed that no land contained within this PoM contains any community land that is the subject of a resolution by the council that declares that, because of the presence on the land of any item that the council considers to be of Aboriginal, historical or cultural significance, the land is an area of cultural significance.

3.5 *The Changing Environment*

Over the past 140 years, the Shire's local government area has been transformed by agricultural and small-scale development. Despite this development, many natural features remain in the Shire's local government area (for example, Ingalba Nature Reserve)

The land covered by this PoM has not been identified as the habitat of any threatened species or of any ecological value.

However, there are some remnants of natural features in/on some of the land covered by this PoM, and many such spaces serve an important ecological role.

The Shire intends to sympathetically retain these natural features, and in appropriate instances augment the key and supporting habitat areas.

Comprehensive Ecological Studies in circumstances will inform the ongoing management and development of any of the Crown Land managed by Council where such proposals have an ability to disturb natural features and habitats.

In respect of Section 36C of the Local Government Act 1993, 'Community land containing significant natural features' it is confirmed that no land contained within this PoM contains any community land that is the subject of a resolution by the council that declares that the land, being the site of:

- (a) a known natural, geological, geomorphological, scenic or other feature that is considered by the council to warrant protection or special management considerations,
- or
- (b) a wildlife corridor, is land to which this section applies.

3.6 Other Relevant Legislation and Policies

In addition to the requirements of the Crown Lands Management Act 2016 and Local Government Act 1993, there are a number of other pieces of legislation and Government policies that are relevant to the ongoing development and management of Crown Land that is managed by Council and categorised as General Community Use or Parks, not managed by another Plan of Management.

Legislation and policies with direct relevance to the subject sites are listed below:

3.6.1 Commonwealth legislation

No relevant Commonwealth legislation is identified.

3.6.2 State Government Legislation and Policies

Environmental Planning and Assessment Act 1979
State Environmental Planning Policies (SEPPs)
Companion Animals Act 1998
Disability Discrimination Act 1992
Heritage Act 1977
Protection of the Environment Operations Act 1997
Waste Minimisation Act 1995
Pesticides Act 1999
Retail Leases Act 1994

3.6.3 Council Planning Instruments Development Control Plans and Policies

Temora Local Environmental Plan 2010
Temora Shire Development Control Plan 2012
Temora Shire Council Community Strategic Plan 2030
Temora Shire Local Strategic Planning Statement 2020

4. Basis of Management

4.1 Categorisation of Community Land

Under section 3.23(2) of the Crown Land Management Act 2016 Council Crown land managers must assign to all Crown land under their management one or more initial categories of community land referred to in section 36 of the Local Government Act 1993.

Section 36(4) of the Act requires Community land to be categorised (or broken down) into one of five categories as set out in the Act, which are:

- Natural Area (to be further categorised as Bushland, Wetland, Escarpment, Watercourse or Foreshore);
- Sportsground;
- Park;
- Area of Cultural Significance;
- General Community Use.

Council managers must assign a category that they consider to be most closely related to the purpose(s) that the land is dedicated or reserved. Multiple categories are assigned to Crown land where the Crown land is subject to multiple reservations and or dedications.

The degree to which the reserve purpose relates to the assigned category of the land is important for ongoing management of the land as Council must obtain Native Title Manager advice as to the validity of the activities that they wish to undertake on the land prior to dealing with the land.

The Native Title Act recognises the intent of the original reserve purpose of the land so that complying activity can be validated particularly under Section J of the Native Title Act 1993.

Council had requested that the initial categories of: **General Community Use and Park** be applied to the land identified in appendix A of this plan. These are the closest categories to the reserve purpose(s) of the land identified in appendix A.

These categories have been approved by the Minister administering the Crown Land Management Act 2016 in relation to the reserves.

Activities on the reserves will need to reflect the intent of the public purpose and will be assessed for compliance with relevant Local Government and Crown Lands legislation including assessment of the activity under the Native Title Act 1993.

Use of the land for any activity is subject to application and approval. Assessment will consider compliance with the objectives and relationship to and impact upon the public purpose for the land. Other uses that do not comply with the plan of management or zoning of the land under Council's LEP would not be considered.

The guidelines for categorisation of community land are set out in the Local Government (General) Regulation 2021. The core objectives for each category are set out in the Local Government Act 1993. The guidelines and core objectives for the Park, Sportsground, General Community Use and Natural Area categories are set out in Table 4.

Category	Guidelines	Core objectives
Park	Land which is, or proposed to be, improved by landscaping, gardens or the provision of non-sporting equipment and facilities, and for uses which are mainly passive or active recreational, social, educational and cultural pursuits that not unduly intrude on the peaceful enjoyment of the land by others.	<ul style="list-style-type: none"> - encourage, promote and facilitate recreational, cultural, social and educational pastimes and activities. - provide for passive recreational activities or pastimes and for the casual playing of games. - improve the land in such a way as to promote and facilitate its use to achieve the other core objectives for its management.
Sportsground	Land should be categorised as 'Sportsground' if the land is used or proposed to be used primarily for active recreation involving organised sports or the playing of outdoor games.	<ul style="list-style-type: none"> - encourage, promote and facilitate recreational pursuits in the community involving active recreation involving organised sports and informal sporting activities and games. - ensure that such activities are managed having regard to any adverse impact on nearby residences.
General Community Use	Land that may be made available for use for any purpose for which community land may be used, whether by the public at large or by specific sections of the public.	<ul style="list-style-type: none"> - to promote, encourage and provide for the use of the land, and to provide facilities on the land, to meet the current and future needs of the local community and of the wider public: <ul style="list-style-type: none"> • in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public. • in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to

		public utilities).
Natural Area Note this plan does not include any land identified as a Natural Area.	Land should be categorised as a natural area, if the land, whether or not in an undisturbed state, possesses a significant geological feature, geomorphological feature, landform, representative system or other natural feature or attribute that would be sufficient to further categorise the land as bushland, wetland, escarpment, watercourse or foreshore.	<ul style="list-style-type: none"> • to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area. • to maintain the land, or that feature or habitat, in its natural state and setting. • to provide for the restoration and regeneration of the land • to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion. • to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Biodiversity Conservation Act 2016 or the Fisheries Management Act 1994.

Table 4 Guidelines for and core objectives of community land categorised as Parks, Sportsgrounds, General Community Use and Natural Areas

(1) Local Government (General Regulation) 2021

(2) Local Government Act 1993

Council must manage Community land in according to these core objectives. Any activities or uses of the land should be consistent with the core objectives for that category of land. Additional objectives, which support the above core objectives, are included in Section 7 Strategy and Action Plan.

4.2 Management of Community Land

The Shire intends to manage its community land to meet the objectives set out in Table 4.1 and Section 7 of this PoM. The types of uses, and development, which may take place, are identified in Sections 5 and 6.

4.3 Guiding Principles for Land Managed under this Plan

Guiding principles derived from the Temora Shire Council Community Strategic Plan 2030, which apply to park, sportsground and general community use land in the Shire, are:

Equity

Involving fairness in decision-making, prioritising and allocation of resources, particularly for those in need.

Access

Having fair access to services, resources and opportunities to improve quality of life.

Participation

The maximum opportunity to genuinely participate in decisions, which affect their lives.

Rights

Equal rights established and promoted, with opportunities provided for people from diverse linguistic, cultural and religious backgrounds to participate in community life.

4.4 Key Strategic Directions

The key strategic directions and objectives for the Shire's Community Strategic Plan that apply to this Plan of Management are:

Provide a safe and supportive living environment for our residents

Provide services required for excellent liveability in a rural community

Ensure an aesthetically pleasing environment

4.4.1 Parks

Management principles and objectives

Crown Reserve Land categorised as Parks within this Plan of Management. Properties included within this category are managed for passive recreation. Some reserves are leased from Council and are used for grazing purposes, where this does not impact upon the purpose of the reserve or its categorisation.

4.4.2 General Community Use

Management principles and objectives

Crown Reserve Land categorised as General Community Use. Properties included within this category includes access corridors, rights of way, and infrastructure and drainage reserves.

Some reserves are leased from Council and are used for grazing purposes, where this does not impact upon the purpose of the reserve or its categorisation.

The Council may grant easements for the provision of services over, or on the land provided that a Native Title assessment has been carried out by Council's Native Title Manager and the provisions of the Local Government Act 1993 and the Crown Land Management Act 2016 have been complied with.

Role of General Community Use Land

Dual Purpose of General Community Use Land, Council recognises that some General Community Use land throughout the Shire can serve a dual recreation and drainage function and this function must be monitored closely to maintain the recreational and drainage integrity of these assets.

5. Land Uses

5.1 *Permissible uses and developments*

The use and development of community land should be generally compatible with both the intended function of the land, and the wider community context, as shown by Table 5.

Purpose/Use	Development
Park category	
<ul style="list-style-type: none"> • Passive recreation • Grazing of land, where there is no impact on purpose of public recreation 	<ul style="list-style-type: none"> • Development for the purposes of improving access, amenity and the visual character of the park
General Community Use Category	
<ul style="list-style-type: none"> • Provides a location for a range of general purposes • Water storage • Caravan dump point, where consistent with water purpose • Grazing of land, where there is no impact on purpose of water or bush fire brigade 	<ul style="list-style-type: none"> • Development for the purposes of amenity and the visual character of the general community area

Table 5 Permissible Uses of land categorised as Park and General Community Use

Future development and use of the community land will need to:

1. **Meet legislative requirements.**

The zoning tables in the Temora LEP specifies the range of uses and activities that may be permitted on the land. A number of uses are also set out in the Regulations to the Local Government Act 1993.

Buildings and amenities may be provided where consistent with the need to facilitate the purpose of the land, provided that a Native Title assessment has been carried out by Council's

Native Title Manager and the provisions of the Local Government Act 1993 and the Crown Land Management Act 2016 have been complied with.

2. Be consistent with the guidelines and core objectives of the community land category.

Under the Local Government Act uses and development of community land must be consistent with the guidelines for categorisation and the core objectives of each category, and any other additional objectives the Council proposes to place on the community land categories (refer to Section 4).

3. Be consistent with relevant Council policies.

Relevant Council policies as at the date of adoption of this plan are set out in Section 3 (Legislative Framework). The goals and strategies outlined in these documents have been used to guide the outcomes of this PoM. The Shires policies will continue to develop after the preparation of this PoM. Management of the Shire's assets, and their development, will take into account the policy framework at the relevant time.

Substantial upgrades and proposed new development will take into account a range of factors, including:

- This PoM and the core objectives for the land;
- The planning controls for the land;
- The Shires adopted policies;
- The characteristics of the land affected, including existing and future use patterns.
- Any landscape masterplan for the land.

5.2 Scale and intensity of land use

The scale and intensity of development and activities on Community land is to be generally compatible with the scale and anticipated use of the park or reserve.

In particular, the scale and intensity of use will be consistent with the carrying capacity of the land, and any masterplan or development application relating to the land.

5.3 Consent for Development and Leasing or Licencing of Crown land Subject of this POM

Crown land is generally reserved for a public purpose, and uses on the reserve must be compatible with or ancillary to that public purpose. Whilst generally the Minister's consent is usually required for the making of a development application or the entering into a lease or licence agreement over community land, Crown Land identified in this plan will instead be subject to Councils consent (refer to Sections 2.23 and 3.22 of the Crown Lands Management Act, 2016).

5.4 Uses and agreements

The Shire may from time to time enter into or create a range of leases, licences, other estates, management agreements, and/or booking arrangements, in order to encourage the use the land and/or buildings appropriately and effectively.

These arrangements are intended to support and encourage a range of uses, which enhance the level of activation and enjoyment of the space.

Each proposal will be reviewed to ensure it is compatible with the relevant land. The types of uses and agreements, which the Shire considers appropriate are described in Section 6.

5.5 Bookings and Events

'Open space is not only for recreation and conservation of environmental and cultural values, it is the foundation of urban liveability.

It underpins many social, ecological and economic benefits that are essential to the healthy functioning of the urban environment' (Source: Linking People and Spaces, Parks Victoria 2002).

In supporting urban liveability, parks, sportsgrounds, and buildings intended for community use have significant potential as venues for short-term public and private special events of different sizes and scale.

The Shire is responsible for bookings of community land and reserves in its LGA. Generally, the Shire seeks to encourage a broad and appropriate range of uses within its area. A number of policies address specific types of use in greater detail. Applicants should check the Shires website (www.temora.nsw.gov.au) for up-to-date information.

6. Leases, Licences and Other Estates

6.1 What are Leases, licences and other estates?

A lease is a contract between a land owner, and another entity, granting that entity a right to occupy an area for a specified period of time. The Shire will consider leasing areas of the land covered by this PoM especially in the following situations:

- there is a clear reason for granting a lease, and the lease is consistent with the reserve purpose and the intended use of the land
- the occupant has made (or intends to make) a significant financial contribution to the asset
- There is a very strong link between the nature of the asset and the proposed tenant

In addition, the Act and its Regulation specify some additional uses (e.g. public infrastructure) which are permitted, and which may be authorised by a lease or licence arrangement.

A licence allows occupation and a clear and transparent way of identifying the permitted activity. The main difference between a lease and licence is that a licence does not permit the sole, or exclusive, use of the area. Licences may be granted to formally recognise and endorse shared uses.

Short-term licences and bookings may be used to allow the Shire to program different uses at different times, allowing the best overall use. The Shire may use short term licences or bookings to manage the types of uses set out in Table 6 in particular.

The terms of the authorisation for a lease, licence or other estate should include Native Title assessment and validation under the Native Title Act 1993 and should ensure the proper management and maintenance of the land and that the interests of Council and the public are protected.

6.2 Authorisation of Leases, Licences or Other Estates over Community Land

The Act requires that any lease or licence of Community Land must be authorised by a PoM. The lease or licence must be for purposes consistent with the categorisation and zoning of the land. Tenders will be called for leases and licences for terms over 5 years as per section 46A of the LG Act. The maximum period for leases or licences on Community land permitted under the Act is 21 years, or 30 years with Ministers consent.

If a lease or licence is anticipated, then public notice should be given in accordance with the requirements of the Act. Where a lease arrangement has been entered into with Council for community land, subleasing the land must be in accordance with the requirements of Section 47C of the Act and Clause 119 of the *Local Government (General) Regulation 2021*.

Supporting occupations in the form of leases and licence agreements are indicated in the detailed information sheets in Appendix B. This PoM authorises existing leases and licence agreements until the end of their current term. The leased or licensed areas may be renewed or changed in future.

The leased or licensed areas may be reconfigured in the future to reflect changes in community needs. This PoM authorises the Shire to grant leases, licences or any other estates for community land covered in this PoM for purposes and uses which are identified or consistent with those in Table 5. Some examples of longer term arrangements are outlined in the following Table 6. Shorter arrangements (for example, a short term licence associated with a particular event, or recurring for a few hours each season) are set out in Table 7.

Type of Arrangement Authorised	Land and Facilities covered	Purposes for which long term leasing/licensing will be granted
	Community land and buildings	Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this PoM and the capacity of the area to support the activity.
	Park	Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this PoM and the capacity of the area to support the activity.
Licence	Community land and buildings	Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this PoM and the capacity of the area to support the activity.
	Park	Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this PoM and the capacity of the area to support the activity.
Other Estates	Community land and buildings	<p>This PoM allows Council to grant ‘an estate’ over community land for the provision of public utilities and works associated with or ancillary to public utilities in accordance with the Local Government Act 1993.</p> <p>Estates may also be granted across community land for the provision of pipes, conduits, or other connections under the surface of the ground for the connection of premises adjoining the community land to a facility of the Council or other public utility provider that is situated on community land.</p>

Table 6 Leases, Licences and other Estates

Council welcomes innovation, and there may be new ways to better utilise a space. Interested parties should contact Council to discuss their particular interest area.

The grant of a lease or licence is an important step in using community land, but there may be other requirements relevant to any proposed use. For example, a development may also require development consent under the Environmental Planning and Assessment Act 1979. Any interested person should check carefully to make sure they are aware of all relevant requirements.

The issue of any proposed lease, licence or other estate and any subsequent provisions of the lease, licence or other estate must be validated by the relevant provisions of the Native Title Act 1993.

The reserves subject to an existing lease or licence arrangement that this Plan of Management seeks to expressly authorise in accordance with the Crown Lands Management Act are:

- Reserve 50709 Existing licence for grazing purposes proposed to continue. This land is leased to an adjoining landholder, with an annual fee paid to Council. Lease next due for review on 1 July 2023.
- Reserve 83832 Existing licence for grazing purposes proposed to continue.
- Reserve 41317 Existing licence for grazing purposes proposed to continue. Current until 30/06/2023
- Reserve 57672 Existing licence for grazing purposes proposed to continue.
- Reserve 58629 Existing licence for grazing purposes proposed to continue.
- Reserve 91363 Existing licence for grazing purposes (Lots 11-20 Section 3 DP 758923 only). Current until 30/06/2023

6.3 *Short Term Uses*

Agreements for use of community land may be granted for events of short duration, which may be anything from a few hours to a few days. These casual arrangements should be for the types of short term uses identified in Table 7.

Community land category	Purposes for which short term casual licences may be granted
Park	<ul style="list-style-type: none"> • community events and festivals • playing a musical instrument, or singing for fee or reward • picnics and private celebrations such as weddings and family gatherings • filming, including for cinema/television • conducting a commercial photography session • public performances • engaging in an appropriate trade or business • delivering a public address • community events • fairs, markets, auctions and similar activities
General Community Use	<ul style="list-style-type: none"> • No suitable short term uses identified

Table 7 Short Term Uses

The functions and events conducted at each particular location may vary significantly, in light of the facilities available in that location.

In assessing Community land categorised as Park as a venue for any proposed event, the Shire applies the following minimum criteria:

- the event should not result in physical damage to the park;
- where appropriate, the event should be made available to all sections of the community;
- the event should not result in a significant adverse impact on adjoining residents;
- organisers of the site should be responsible for cleaning up the site and repairing any damage that may occur.

Fees for short-term casual bookings will be charged in accordance with Council's adopted Fees and Charges at the time.

7. Strategy and Action Plan

7.1 Strategy and Action Plan

Section 36 of the Act requires that a PoM for community land details:

- the means by which the council proposes to achieve the plan's objectives and performance targets;
- the manner in which the council proposes to assess its performance with respect to the plan's objectives and performance targets.

Table 8 sets out these requirements for the land managed by this Plan.

Objectives and performance targets of the plan with respect to the land s.36 (b)	Means by which Council proposes to achieve the plan's objectives and performance targets s.36 (c)	Manner in which Council proposes to assess its performance with respect to the plan's objectives and performance targets s.36 (d)
<i>Urban Context</i>		
To maintain the Shire's Crown Reserve managed parks and general community use properties as integral components in the visual and social fabric of the LGA's community	Maintain and enhance parks and general community use property as secure places in the locality	Increased appreciation of the park or general community use property as measured by positive comments received by Council. Community consultation, including surveys, to determine level of use and any community concerns. Surveys to be undertaken as required. Maintain records of public comments in relation to park, sportsground, natural area or general community use property. Regularly review records to guide future directions
<i>Use</i>		
To provide opportunities for a use of parks and general community land.	Maintain satisfactory condition of generic parks and general community use land	Council receives positive comments regarding use of generic parks and general community use land, and few or nil complaints regarding these properties

<i>Landscape Character</i>		
To maintain or improve landscape character and visual quality of Crown Reserve parks and general community use property.	Monitor sites and manage any issues identified, including visual presentation, weed management, and rubbish dumping	Maintain records of public comments in relation to properties. Regularly review records to guide future directions.
<i>Cultural and Historical Significance</i>		
Appreciation and interpretation of the heritage significance of the site in terms of both natural and cultural components.	Undertake, when required, heritage and cultural assessment studies to identify cultural and heritage values for retention and interpretation. Incorporate historical information on property signage to instil understanding and appreciation of the site and the history it represents.	Retention and interpretation of heritage and cultural values provides increased appreciation of the property and its history as measured by property user surveys.
<i>Total Asset Management – Land and Building management and maintenance</i>		
To provide professional, efficient management of Crown Reserve, Council managed parks and general community use properties.	Regular visitation and condition assessments.	Measured against contract KPIs. Internal business unit users, public and tenant surveys. Audits
<i>Access and Circulation</i>		
To provide safe access to the parks and general community use properties for pedestrians and cyclists. To ensure access to and within parks and general community use land for people with disabilities	Parks and general community use property upgrades, refurbishments and/or improvement works to consider public access	Council receives positive comments regarding use of generic parks and general community use land, and few or nil complaints regarding these properties
<i>Traffic and Parking</i>		
To ensure traffic and parking requirements provide a safe environment for parks and general community use property users and do not impact on the amenity of the properties.	Ensure that the use of vehicles, when permitted, are regulated and does not affect the normal functioning of these properties. Installation of signage preventing vehicles from entering unauthorised areas. Where vehicles are permitted, provide clearly demarked vehicle movement areas and encourage safe driver behaviour. Provide access for emergency or service.	Reduced pedestrian, cyclist and vehicle conflicts. Improved public safety.
<i>Natural Environment</i>		
To maintain and enhance the health of parks and natural areas ecology, including flora, fauna, wetland and watercourses. Maintain, protect and improve health of identified significant trees and surrounding street trees, and improve soil health. To ensure access is appropriately controlled to any environmentally sensitive areas	Environmentally sensitive areas identified and appropriate access control measures implemented.	Council receives positive comments regarding use of generic parks and general community use land, and few or nil complaints regarding these properties

Safety and Risk Management		
Provide safe park and general community use land	Park and general community use land is monitored and any safety concerns are responded to promptly	Council receives positive comments regarding use of generic parks and general community use land, and few or nil complaints regarding the safety of these properties
Ownership and Tenure		
To ensure that ownership, tenure and permitted use arrangements allow the widest possible community access to parks and general community use land	All future leases and licences to meet the requirements of the Local Government Act 1993, the Crown Land Management Act 2016 and Native Title Act 1993.	Type and extent of licencing and leasing as measured by record keeping, survey and observation.

Table 8: Performance targets

8. Changes and Review of Plan of Management

This PoM for Council Managed Crown Reserve Land will require regular review in order to align with community values and changing community needs, and to reflect changes in Council priorities.

The performance of this PoM will be reviewed on a regular basis to ensure the park and general community use land and buildings are well maintained and provide a safe environment for public enjoyment.

Strategic reviews of this PoM will occur at 5 and 10 year intervals.

The Appendices to this PoM may be updated from time to time, reflecting significant changes to the condition of the community land. The community will have an opportunity to participate in reviews of this PoM as part of the Council meeting cycle.

List of Tables

- 1 Structure of this Plan of Management
- 2 Contents of a Plan of Management for community land
- 3 Requirements of the Local Government Act for community land management
- 4 Guidelines and core objectives of community land categorised as Park, Sportsground,
General Community use ands Natural Areas
- 5 Permissible uses of land categorised as park and general community use
- 6 Leases, licences and other estates
- 7 Short term uses
- 8 Performance targets

Appendix B - Property information sheets

Individual Property Detailed Information Sheets

Reserve Number:	71996
Name of Reserve:	Ariah Park Depot Dam
Legal Description (Lot, Section, DP):	Lot 7019 DP 1024273
Map Ref:	1
Site Area:	1.66 Hectares
Land Owner:	Crown
LGA 1993 Classification:	Community Land
Temora Shire Council or Other Interests:	1 The land is a reserve within the meaning of part 2 of the Crown Land Management Act 2016 and there are restrictions on transfer and other dealings in the land under that act, which may require consent of the minister.
Reserve Purpose:	Water
Condition of the land and quality of buildings:	2. Good – well maintained, minor maintenance only
Heritage:	No heritage significance.
Available facilities	The available facilities for the community land – dam for water storage - caravan dump point
Categorisation	General Community Use
Native Title Manager Advice:	The council-managed Crown land in question is not 'excluded land' (as defined by the CLM Act), therefore a Council must assume that native title exists. Council's Native Title Manager will provide advice on the validity of activities under the PoM in line with the NT Act.

Reserve Number:	29137
Name of Reserve:	Sebastopol Reserve
Legal Description (Lot, Section, DP):	Lot 102 DP 751424
Map Ref:	2
Site Area:	5.49 Hectares
Land Owner:	Crown
LGA 1993 Classification:	Community Land
Temora Shire Council or Other Interests:	<p>1 The land is a reserve within the meaning of part 5 of the Crown Land Management Act 2016 and there are restrictions on transfer and other dealings in the land under that act, which may require consent Of the minister.</p> <p>2 Limited title. Limitation pursuant to section 28t(4) of the Real Property Act, 1900. The boundaries of the land comprised herein have not been investigated by the registrar general.</p>
Reserve Purpose:	Public Recreation
Condition of the land and quality of buildings:	3. Average. Requires minimal maintenance as site is not actively used
Heritage:	No heritage significance.
Available facilities	The available facilities for the community land – Nil
Categorisation	Park
Native Title Manager Advice:	The council-managed Crown land in question is not 'excluded land' (as defined by the CLM Act), therefore a Council must assume that native title exists. Council's Native Title Manager will provide advice on the validity of activities under the PoM in line with the NT Act.
